Figlear, George

Captain Figlear Lauds Stroudsburg Red Cross Chapter

DEC 15 1943

Captain George Figlear, Bethlehem dental surgeon, now with the armed forces "somewhere in the Southwest Pacific" writes a complimentary letter to the Stroudsburg Chapter of the American Red Cross.

Located in that theatre of war for the past 17 months, the local dental surgeon recently found gauze dressings made by the Stroudsburg Chapter. The close proximity of the Monroe County town reminded Captain Figlear of home, and prompted the letter to the Chapter.

The letter in part reads: "In my department your gauze plays an important role. Fractured jaws and facial wounds or surgical procedure all require your appreciated surgical supplies.

"May you enjoy the best of health, good luck and God bless you, and I hope for the privilege to further my service to the men through your devoted services and supplies."
