

Green, William A.

Lieut. Green Speaks to L. H. S. Sophomores

MAR 16 1944

Sophomores of the Liberty High School were given a surprise at their weekly assembly program this morning when a former biology teacher, Lieut. (j.g.) William A. Green, USNR, Sound Officer, Anti-Submarine Warfare, was presented by Principal H. Frank Hare.

Lieut. Green told of his experiences at sea, having covered most of the ports in the Atlantic and related the living conditions on the other side. He also stressed the fact to the boys of the class the necessity of keeping in the best physical condition to prepare themselves for life in the Army or Navy.

A St. Patrick's Day program followed. Joe Capelli played several accordion solos and the physical education class of Miss Elsie Batement presented several Irish jigs. Miss Rose Marie Rogers, a member of the faculty, gave a reading.

The program concluded with group singing of Irish folk songs under the direction of Miss Marion Graham. Mr. Hare was in charge of the devotions.
