“One of the things I’m probably most proud of is I have not only supported very pro-environmental people, but I have also backed it up with large donations.”

Bethlehem’s Environmental Advisory Council, April 1, 2021

- voting record on environmental issues is 100%
- supported the Climate Action Plan
- instrumental in securing funds for the Rose Garden
- supported the Appalachian Mountain Club at Illick’s Mill and our Urban Forestry initiative
- backed up support of pro-environmental people with large donations
- specifically Susan Wild and Tara Zrinski
- supported watershed plans

“I gave a \$1000 to our Congresswoman Susan Wild, who I think is doing a great job [for the environment], and Tara Zrinski is a good friend of mine. I have been one of her greatest financial supporters. She is one of the largest voices we have when it comes to climate change and the environment in the Lehigh Valley.”
