

Long, Niles

**Becomes Air Cadet;
To Be Sent to Texas**

A telephone call from Air Cadet Niles Long at Little Rock, Ark., to his parents, Mr. and Mrs. Earle Long, 737 High Street, this city, revealed that the young man has received his lapel wings and arm insignia following completion of his training course and that he expects shortly to be sent to Randolph Field, Texas, where he hopes to complete his training to become a pilot.

An effort to contact his parents here on Easter Sunday proved fruitless because of inability to secure the proper connections. He entered the service January 28 of this year. He is now at Camp Joseph T. Robinson, in Arkansas. APR 29 1943.
