Recognize Son in
Movie News Reel**

Mr. and Mrs. Joseph Becker, 633 High Street, were given a most pleasant surprise a few nights ago when they saw their son, Sergeant William Becker, in a news reel in a nearby theatre. Sgt. Becker was in the foreground and was seen directing traffic on the principal boulevard of Siracusa, Sicily.

—“He wore the same old familiar smile,” his mother said, “looks well and happy.” The parents received a communication from their son August 8, telling of the motion picture being taken. He, however, did

not know where it would be shown.

Sgt. Becker is a member of the First Infantry, landed in England July 1942 and has seen action since November 1942.
