### L. S. T. Gunner

Coast Guardsman Conrad H. Seifert, Gunner's Mate third class, of 1023 Spring Street, Bethlehem, not only keeps the guns aboard the Coast Guard-manned LST that he is assigned to, in perfect running order but when General Quarters is sounded he feeds shells to a 40 mm antiaircraft gun. His vessel recently spear-headed the initial assaults on the Ryukyus by landing troops and equipment about 350 miles from Kyushu, southernmost of the Jap home islands.
