

Raines, Maynard K.

**Maynard K. Raines  
Selected for College**

Mr. and Mrs. Joseph H. Raines, 254 West Fairview Street, Bethlehem, received word that their son, Maynard K. Raines, AMM, 1-c., has been selected out of 22 others to

attend the Flight Engineers' College at Chicago, Ill. This will be a promotion for him. He has seen service on a carrier as a bombardier and machine gunner at the African landing, as well as 10½ months in the South Pacific. Having taken part in a considerable number of missions over Jap held islands, his service bar shows seven stars as representing seven major battles. He

had been stationed at Alameda, Calif., before being sent to Chicago, Ill. While in the South Pacific he contracted malaria and is recuperating nicely from it. In his trips to the South Pacific he met several local boys.
