

Grisch, Ida Hagen

**In Nurse Corps**

**FEB 13 1945**

Another Bethlehem nurse has entered the service of our country. Latest recruit to the Army Nurse Corps, Ida Hagen Grisch, has for the past two years served as a member of the medical staff at the Bethlehem Steel Company. She was formerly assistant supervisor at St. Luke's Hospital and is a graduate of Bellevue Hospital, New York City. Last evening, Miss Grisch, who will report for duty February 15 at Fort George Meade, Md., was the guest of honor at dinner given by her co-workers at the Steel Company in the home of Miss Mary Resetco. The department presented her with a parting gift in appreciation of her work.
