

# Gadfly apology to CM Reynolds

The Bethlehem Gadfly City government December 19, 2018

At the City Council meeting last night Gadfly brashly stated that CM Reynolds's list of professional offices in (7) in his supporting statement for an affirmative vote on the proposed text amendment was deficient.

Not so.

As I was gently informed by Mr. Fowler.

Gadfly would say that he "eats crow," except that gadflies probably already eat crow.

My bad, Mr. Reynolds, my bad.
