

# The charter school problem: what you can do (23)

The Bethlehem Gadfly Charter Schools, Education, Serious Issues June 20, 2019

*(23rd in a series on Education and Charter Schools)*

Hardly a week goes by it seems without some dire charter school news.

[New report shows overwhelmingly negative results for PA's cyber charter students](#)

But last post in this series I promised that there was some action you can take if, indeed, you see the problem with charter schools that has certainly been evident in our series here.

Contacting our representatives and signing petitions:

[PA Republicans pass massive charter school & school voucher expansion](#)

[CALL TO ACTION – Act now to push for necessary change to the Charter Appeals Board \(CAB\)!](#)

The issues here, as we have seen, are the quality of charter school education in general and unfair funding that has direct impact on our tax bills.

Gadfly urges your personal action here.
