RACHEL LEON

“I know what it’s like to feel unheard. It is my hope that I can give voice to those who feel the same.”

She is considered “young”; however, don’t let that fool you.

She has seen the world while serving this country, guided fighter pilots, revitalized a non-profit, served on missions, organized internal operations, volunteers, and the list goes on and on.

Rachel loves our city and sees past what has been to what will be.
