

Army Signal Corps.

## Army Signal Corps To Move Into Hotel

The United States Army Signal Corps will take over the third and fourth floors of Hotel Bethlehem, it was learned today on good authority.

APR 14 1943

Plans for the arrangement were discussed at a meeting today of the Hotel Bethlehem Corporation. When the Signal Corps, which operates a base weather station in the former Holland Furnace Company plant, Eighth Avenue, is ready to move in its men, hotel tenants of the rooms on the two floors will be given a week's notice to find other quarters.
