This is what the power of the people looks like!

It was incredibly clear that the police chief was not acting in the best interest of every Bethlehem Resident.

Let this be a lesson.

Racism and bigotry will not be tolerated by the people. Whether it's on social media, in policy, or in private conversation. We are holding you accountable.

And we will replace you.

It was a reposted meme that said anti-white, all races joke about our own races. I am totally confused as to why people are offended by something so trivial. If there is something I have learned through this pandemic, everyone needs to stop thinking about themselves and work together to rebuild a better Bethlehem. Mark, I apologize that your career is ending this way. You are an excellent Chief and officer and I thank you from the bottom of my heart for all the service you provided Bethlehem and our Block Watch. You can hold your head up high because you did an excellent job! God bless you and may you live your life in lots of love and happiness. I know what Bethlehem is losing and sadly it is a lot. Thank you and all officers for your service. ❤️
