## SAVE OUR MORNING CALL

We’re trying to support the Morning Call journalists in their effort not only to save but to reconstitute the Call.

Please sign the petition and consider a letter to the editor.

Letters to the editor can help convince possible beneficent investors that we care to have a good newspaper here.

Gadfly has started to see such letters appear.

After Gadfly retires and if the Call goes (further) under, what will we have? Gadfly has long recommended subscribing to the Bethlehem Press and by doing so spurring enhancements there. We don't want to become a local news desert.
