

Jose, Amil

### Does Landscaping Job in India

MAY 30 1945  
Corporal Amil Jose, a former Bethlehem Steel Company employe, has just finished a fine piece of landscaping at the 1328th AAF base in India. The front of headquarters was barren of all grass and devoid of any flowers or shrubbery, but under the direction of the corporal, it has been transformed into a beautiful lawn complete with grass, shrubbery and the pride of his decoration, large Canna plants and other bright flowers.

To complete his gardening project Jose is fathering a pineapple tree that is growing in the rear of headquarters and shows promise of presenting him with some fresh pineapple.

Cpl. Jose has been in the service since September 1942, and prior to his going overseas was stationed at Homestead Army Air Base, Florida.
