

Brisker, Sydney H.

**Lt. Brisker Writes
About Pacific Action**

DEC 6 1944

An interesting letter, describing the magnificence and fury of operations in the South Pacific, has been received by Mr. and Mrs. O. W. Brisker of 538 Seneca Street, from their son, Lt. (s.g.) Sydney H. Brisker, who has been with one of Uncle Sam's fighting units in that sector for two years.

Lt. Brisker also sent his parents some "folding money", issued by the Jap government when they overran the Philippines. He got a bundle of the currency when he sold one of his undershirts to a native. He stated that the Filipinos are today capitalizing on this currency, either selling it or trading it to Americans who want it as souvenirs. A graduate of Liberty High School, Class of '31, and Lehigh University in 1935, Lt. Brisker volunteered in April, 1942.
