**Pfc. Samuel Muschlitz
Sees Real Circus
While in Germany**

Pfc. Samuel J. Muschlitz, 958 Cherokee Street, recently saw a real circus, complete with clowns, bareback riders, sawdust and trained animals, run by a Britisher and featuring performers of a half dozen nationalities, deep in the heart of Germany.

The circus was performing at the city of Zwickau, which was over one hundred miles away. The Division Special Service heard of the big top show and sold higher authorities on bringing the circus to Gotha. Fifty-three 2½-ton trucks were dispatched to bring the circus to Gotha and the caravan they made was the best advance publicity any road show ever had. The men of Pfc. Muschlitz's Ozark Division who saw the procession roll into Gotha couldn't believe their eyes. It is quite an experience to be seeing highwire acts, dancing horses and trumpeting elephants in Germany.

Pfc. Muschlitz was inducted at Indiantown Gap and later received his infantry training at Camp Maxey, Tex. He is the son of Mrs. Ida Muschlitz. Before entering the service he was employed by the P. B. and N. E. Railroad Company.
