GI Bums Ride; Meets Reluctant Brother In Pacific

When given a pass "somewhere in the Philippines" there isn't much a G. I. can do but bum a ride to the next station to see how friends and buddies are doing . . . and that's just what Pvt. Robert Nemes, serving overseas for the past seven months with an Anti-Aircraft unit, did.

While waiting for a lift on one of the jungle roads, Pvt. Nemes was approached by another "hitch-hiking" soldier who inquired about the location of a certain outfit. After exchanging the usual questions and answers, Nemes was told that his brother, Fire Controlman 3-c. Stephen Nemes, was stationed with the soldier, and he lost no time in getting to the camp. Stephen, who was enjoying a movie at the time, refused to believe his brother was there, and had to be pushed from the theater to meet him.

The two brothers spent the remainder of Robert's pass together

"hashing" all the news from the home-town. They are sons of Mr. and Mrs. Stephen Nemes, 1268 East Fourth Street, and graduates of Bethlehem schools. Stephen has been in the Pacific area for 16 months and has many battle stars to his credit.
