

Promoting sustainability!

The Bethlehem Gadfly Climate Action Plan, Environment, Environmental Advisory Council April 16, 2020

A note from Peter Crownfield quietly referenced the publication of **“Sustainable Lehigh Valley”** (an annual publication that seems to go back at least as far as 2004) by **Alliance for Sustainable Communities Lehigh Valley**.

First time Gadfly was aware of this publication. Looks full of valuable information. Gadfly looks forward to perusal and thinks followers might as well.

Download the 2020 “Sustainable Lehigh Valley” [here](#).
