The Gadfly invites “local color” photos of this sort

Big-time streetscaping going on on S. New
(more on that soon).

Big money streetscaping going on on S. New.

But small is beautiful too.

Gadfly’s walk on N. New was just enhanced by
this little parcel of curbscaping.

And the new sidewalk will be appreciated by
you-know-who-you-are.

How thoughtful of the homeowners for this touch of beauty.
Gadfly wants them to know he noticed their street-art.
And appreciates.

We don’t always need the City.

What are *you* seeing as you walk around town?
