The Bethlehem Gadfly Gadfly's posts, Walkability and Bikeability January 23, 2019

(7th in a series of posts on Walkability and Bikeability)

Gadfly's trying to raise his knowledge about "walkability and bikeability" groups he should know about. So much he doesn't know. Suggestions?

Speaking of things he doesn't know. From the "Love Our Trails" page of CAT's web site, Gadfly learns of a trail he hadn't heard of, the Stockertown/Plainfield Twp Trail. On my list of places to go.
