

Breslin, Richard

## Several Area Soldiers Flown Home To U. S.

Air travel added to its army of boosters today as more Pennsylvania veterans debarked from sea-spanning ATC planes at Air Transport Command's Miami Army Air Field. They were among the first 50,000 ATC is flying from overseas each month. Their next step is by rail to Camp Blanding, Fla., then to reception centers nearer home for separation or furloughs prior to reassignment.

With this group were T. Sgt. James T. Sauerwein, 27, 248 Wall Street, Bethlehem, who served 25 months in Italy with a medical detachment, and T.-3 John G. Werner, 26, Bath, R. 1, an anti-aircraft man with 33 months European duty, including Germany, to his credit.

Three Allentownians were also in the group: T.-5 Richard Breslin, 1328 Turner Street, of the Medical Detachment, whose 32 months European duty terminated in Germany; T. Sgt. Franklin Schoch, 114 South Madison Street, who completed 32 months anti-aircraft duty in Germany; and T.-4 Leon Eisenhard, 28, Allentown, R. 2, who served 44 long months with the Engineers. He, too, completed his duty in Germany.

The only other area man to return was Cpl. Joseph Kokolus, 29, 712 Main Street, Egypt, who served 37 months with the First Armored Division in Italy.
