## Giving Tuesday – 12/1

The SouthSide Arts District wants to become the Lehigh Valley's mecca for public art.

Each year we work tirelessly to create opportunities for local artists to transform our streets into their canvas. And in 2021 we want to create a Street Mural at 3rd and Adams streets...but we need your help! Please consider donating to help us reach our goal to make this project a reality in 2021!

[Donate Today](#)

Each year we work tirelessly to create opportunities for local artists to transform the streetscape of South Bethlehem into their canvas. Over the last three years the Southside Arts District has completed the following projects:

- artistic designed flowerpots
- downtown murals
- Greenway ArtsWalk
- artistic designed bike racks
- public piano

And our 2021 project is big – a Street Mural at 3<sup>rd</sup> and Adams streets and we need your help! Please consider donating to help make this project a reality and keep our public art goals alive for 2021!
