

probably the last time to set the record straight (21)

The Bethlehem Gadfly Gadfly's posts, Lehigh University, Serious Issues March 12, 2019

(21st in a series of posts on Lehigh University)

Tuesday, March 12

Brent, Darlene, and members of the Planning Commission (except Ms. Cohen, for whom I do not have a permissible email). Lawyer Durso has been informed of my request below through her firm's web site.

Good People:

Take #4

Since I have provided all parties with access to substantive materials that indicate that a Northside Commuter Lot, though not in the parking plan submitted to and approved by the City and apparently unknown to the Director of Planning and Zoning, is part of the Lehigh parking plan rolled out to employees in September 2018, and since Lehigh has announced plans to initiate its parking plan around April 1, and since Lehigh's implied denial of the very existence of that lot in their thinking about making up for lost parking spaces on campus made me look rather foolish in front of the Planning Commission, the public, and the press, I respectfully request that 124 E. Morton be added to the agenda for the Thursday March 14 meeting.

It will probably be the last time to set the record straight before Lehigh's plan becomes operational.

Ms. Heller and Chairman Melosky, I will be glad to make a presentation based on the presence of the Northside Commuter lot in Lehigh documentation if that is permissible.

- Ed Gallagher
