Sea-Faring Brothers Meet

Twenty months of separation was broken for two brothers who recently enjoyed a reunion and five happy days together somewhere in the Pacific.

The lucky boys are William Bedics, Seaman 1/C, with the Navy Amphibious forces, and Frank M. Bedics, Machinist Mate 3/C, of the Seabees, who were stationed for the short span of five days only six miles apart. A brother, Stephen Bedics, an Army combat engineer, is somewhere in Germany.

All three boys, sons of Mr. and Mrs. Michael F. Bedics, 305 Laury Street, are graduates of Bethlehem Technical High School. William enlisted in January, 1944, when he was 17 years old. He left for overseas duty last December. Frank, who has been active for many months in the Marianas, enlisted in July 1943 while he was an employe of the Bethlehem Steel Company. Stephen, the third son, was a senior at Bethlehem Technical High when he was inducted in April 1943.
