

Horlinger, P.

**Horlinger Serving
On Diplomat Ship 1946**

P. Horlinger, seaman 1/C, 1118 Mechanic St., is serving aboard the destroyer, USS Ernest C. Small, which recently visited Yemen, a little Red Sea country situated in the southwest part of the Arabian peninsula.

Firing a 21-gun salute as she approached the barren shores of the strange and secluded country, the Small's visit marked the first time in history that Yemen had ever been recognized as an official state by any of the world's powers. The Small brought the United States diplomatic mission to Yemen.
