

A picture of sustainability?

The Bethlehem Gadfly Local Color August 11, 2020

 The Gadfly invites [“local color”](#) photos of this sort 

How best to incorporate environmental responsibility into clothing decisions?

Follow the Three Rs: Reduce, Reuse, and Recycle (in that order).

Reusable cloth mask, sewn by workers receiving a fair wage (ethical supply chain)

Cardigan, a very rare new clothing purchase, no synthetics (Reduce)

Tank top, which I've owned for years and years (Reuse)

Jeans, a flattering and versatile thrift store purchase (Recycle)

Alison Steele

Gadfly often recommends the always thoughtful “Radical Moderate” blog by Bethlehem native Alison Steele. The above is from her [August 2 post](#).
