

Here we go! “What should Climate Action look like in Bethlehem?” Calendar alert! June 17

The Bethlehem Gadfly Climate Action Plan, Environment, Environmental Advisory Council May 22, 2020

The latest in a series of posts relating to the environment, Bethlehem’s Climate Action Plan, and Bethlehem’s Environmental Advisory Council

BethlehemCAP.org

Make your voice heard

at the first public meeting to inform the creation of **Bethlehem’s Climate Action Plan (CAP).**

A Climate Action Plan (CAP) addresses climate change by promoting resilience through mitigation strategies that reduce greenhouse gas emissions such as increased energy efficiency, and through adaptation strategies that help the community prepare for the impacts of climate change such as stormwater runoff improvements for flood prevention.

The City and consultant WSP will introduce the climate action planning process and the planned timeline for Bethlehem and provide information about actions the City has taken to date that address climate change. Then, find out how you can share YOUR thoughts on the goals and priorities you want to see reflected in the plan.

**This virtual meeting will be held
Wednesday, June 17, at both 12:00 pm and 5:30 pm.**

Please register for the session that is most convenient for you at
