

306 S. New: my stomach hurts (16)

The Bethlehem Gadfly 306 S. New St., Serious Issues February 28, 2019

(16th in a series of posts on 306 S. New St.)

Thank you, Gadfly, for the long and thoughtful narrative and finally, the analysis. My stomach hurts. The developer is a master of dissembling, dodging and disrespecting. I feel ill every time I come across the bridge, drive down W. 3rd (yes, you can see the offending illegal structure from there), or contemplate what the developer will do next. This is exactly what might MAKE people into CAVE-ers, Mr. C. When our HCC tries to do the right thing (and COMPROMISES) this is what they get. Do you wonder that there is little trust, or appreciation for impending changes among those of us who live here and work here.... Every. Day...??
