

Wallander, Robert

Capt. Wallander Now Air Instructor At Avenger Field

Mr. and Mrs. Carl F. Wallander, formerly of 901 Linden Street, but now residing at 116 East High Street, Hellertown, received word recently from their son, Captain Robert, stationed as an instructor of Instrument Flying at Bryan Field, Bryan, Texas, that he had been transferred to Avenger Field, Sweetwater, Texas, to assist in installing the course of instrument and blind flying at this field. Avenger Field is where the W. A. S. P. are trained.

A recent order from General Arnold, to give this course to the graduate flyers, in the W. A. S. P. made it necessary for Colonel Duckworth, the Commanding Officer, at Bryan Field, to send three of his Flying Instructors to Avenger Field, to set up the course, so as to make it possible for all graduate flyers of the W. A. S. P. obtain the certificate, showing they had taken the course, as required by Army regulations.

Captain Wallander, was a senior at Moravian College when he enlisted. He graduated from Liberty High School, class of 1936, Valley Forge Military Academy in 1937, and was active in YMCA work.

Captain Wallander and his wife are residing in Sweetwater, Texas.
