

Randall, William D.

## Now Sergeant

William D. Randall (above), son of Mr. and Mrs. H. David Randall, of Bath Pike, this city, has just been promoted to Sergeant. He is stationed "somewhere in Africa" with the U. S. Army Air Corps and is flying as a radio operator in a large Army transport from his present base to the different theaters of war in the Mediterranean area. Shortly after graduating from Moravian College in May, 1942, "Bill" enlisted in the Air Corps and was finally sent from Keesler Field, Miss., to Madison, Wis., for his final training in radio operation. He has been in Africa over a year and has well over 500 flying hours to his credit. The promotion to Sergeant came less than a month after he had been awarded his corporal chevrons.
