Foreword

*"I cannot but remember such things were,
That were most precious to me"*

—MACBETH.

William Shakespeare, the foremost man of letters in all English literature, is regarded by many critics as not only a distinguished playwright but also an eminent philosopher whose quotations have flourished throughout the centuries as reflectors and guide-posts for an ever advancing society. The three years during which we have expanded mentally, spiritually, and physically in the halls of Bethlehem High School will live in our memories as perhaps the most significant three years of our lives. Many an occasion will arise when we cannot put into words the fond recollections of our high school days; then Shakespeare's proverbs will be our reflectors.

If exercise builds strong minds and bodies, surely pushing a pencil produces strong finger tips. Most of the staff, including associate editors, art editors, feature editors, sports editors, and activities editors resort to this type of work during the fourth periods in room 116. However, the business editors and photographers were kept busy on their feet, running here and there for poses, advice, and the like. We can't forget our typist whose clicking fingers typed neat copies from chicken scratch writing. Last, but not least, our editor, the managing editor, and Mr. McIntyre had to read all of the finished products and correct them. There were usually little mistakes in grammar, spelling, and so forth, proving that none of us were perfect.

Of course, in time of little or no work, the girls, (and the boys too), always found fun in setting their tongues a-wagging. Some of our most remembered moments were spent watching a certain photographer type?? impromptu poems and stories. Somehow his fingers never hit the right keys, and oh, the combinations!

We thank Mr. McIntyre for his endless help and guidance in producing this book, and we hope we have not caused an over-abundance of worry, especially in meeting deadlines.

The Cauldron Staff of our department is a group of boys who were selected because of their high scholastic standards.

The many articles which were to be entered by our department, were divided among the staff and each boy did his share of writing, checking, and double checking them.

The captions which were written by the individual senior students, also had to be checked and many of them rewritten by the Cauldron Staff.

Meetings are held frequently, with the entire staff present. This enables the staff members to express their views on anything relating to the *Cauldron*.

After all the materials are compiled and edited they are sent out for publication.

These boys have done a fine job and are proud to have been part of the managing of this yearbook.

The Class Executive Council did not meet at any definite hour or day. Remember all the dances sponsored by the Junior class last year? Those were all planned by the Class Executive Committee. Did you eat any candy at the baseball games in the spring of '52? If you purchased it from the stand near the diamond you were supporting the class and contributing to one of the Class Executive Council's methods of raising money.

The Memorial Committee has been active since January of this year, trying to think of an appropriate gift to leave for other classes to enjoy at Liberty High School. This was a task which all senior students were able to participate in by offering suggestions to homeroom representatives.

LIBERTY SENIOR PUBLICITY COMMITTEE

The Senior Class Publicity Committee was organized for the first time this year and it proved a great contribution to the Class. In fact, it is hard to see how the financial undertakings of the Class would have been so successful without it.

Meeting at 7 P.M. each time an activity of the Class approached, the Committee planned posters and other forms of advertisements to inform the students of future events. These busy bees turned out approximately 200 signs since August of 1952. Being a non-profit organization, the group purchased or donated all of their own art materials and, of course, their own ideas.

This is an idea which we believe every class can use and we hope the future Class Publicity Committees are as successful as was ours.

LIBERTY SENIOR CLASS PLAY

Row one—left to right: Richard Pharo, Dorothy Libricz, Pearl Stein, Shirley Haltzman, Carol Nisnick, George Seiders, Madonna McGee, Frank Podleiszek, Robert Wolken.

March 20 and 21, the Senior Class presented the Broadway hit "*Harvey*". Elwood P. Dowd, a man in his forties, lived with his pal Harvey, an imaginary six-foot, white rabbit.

By the untiring efforts of both casts, an excellent stage crew, and all the committees, this fine comedy was presented and thoroughly enjoyed by the two audiences.

Richard Pharo, who played the part of Elwood P. Dowd; Judith Kessler and Carol Nisnick, who played the part of Veta Louise Simmons; and Judith Groben and Shirley Haltzman, who played the part of Myrtle Mae Simmons, had the leading roles. Their roles were supported by good acting from Barbara Clements, Madonna McGee, Gordon Mowrer and Frank Podleiszek.

Although the cast waited for sets, ropes, etc. to fall from above, and paint to smear on their clothes,—this, fortunately, never did happen. We owe all of this to Leo Gould, who with his stage crew, provided excellent scenery for two sets. The students don't realize how much work it takes to make such excellent scenery—so let's take our hats off now to Leo Gould.

The following committees contributed very much to the success of the play: secretary, stage manager, stage committees, property committee, make-up committee, ticket committee, publicity committee, play reading committee, prompters, program, portrait and ushers.

Special thanks and congratulations go to our class advisors, Miss Marilyn Clymer and Mr. Ted Martz, and Katharine Cook, play secretary and class president, for their persistent efforts.

Mr. Alcott leased his land to a couple of crooks, and when he learned that he would have to go to jail for it, the whole family packed up their belongings and went with him.

To add to the troubles of this family, Janie had an accident with the family car, and Charlie built an airplane, too big to bring up from the basement where he had built it.

This typified the Junior Class Play, "*I'll Be Seeing You*", presented November 21 and 22. Although there were a few moments of sadness during the play, most of the acting by the two casts was very comical.

The leading roles were portrayed by Gabriel Spector, Ray Ueberroth, Nancy Kulp, Marjorie Paulus, Thomas DeRocco, Leonard Rice, Deborah Werst, and Audrey Kressler.

The following committees helped to make the play a success: publicity, properties, make-up, wardrobe, prompter, and stage crew.

LIBERTY YOUNG WRITER STAFF

Advisor.....MISS MARY CROW
Officer.....Chairman, Lois LaBelle

Anyone read the *Young Writer*? Of course, we all have. This group of young people with Miss Mary Crow as advisor, has made the *Young Writer* possible in 1953.

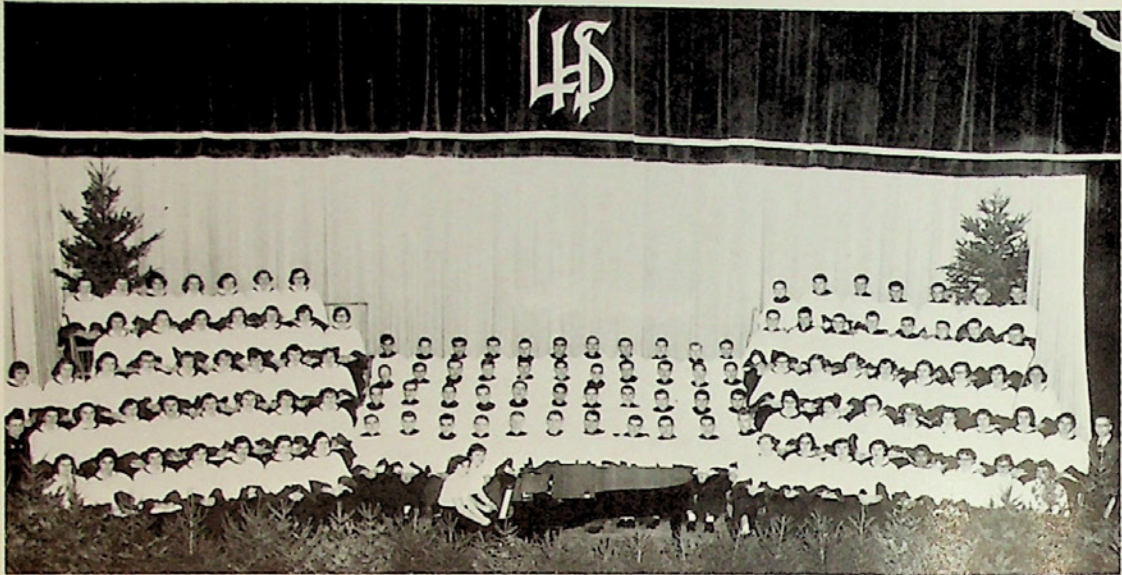

In room 218, sometimes Wednesdays fourth period, sometimes after school, the Staff of the *Young Writer* has spent their time reading and rereading essays, short stories, diaries, letters, and poems from each English teacher in Liberty High School. Since only fifty pages of the magazine are reserved for Liberty, even some of the better works had to be eliminated until only the best remained. Then the job was only half finished. All of the material from the junior high schools and Tech had to be arranged for the magazine. It would have been impossible to complete the *Young Writer* so successfully without the aid of Miss Price Gibson in an advisory capacity and Mr. Frank Kernan on the financial end.

Much humor was received in reading some of the compositions and a wealth of experience, especially in recognizing good and bad writing, was acknowledged by the members of the staff.

Announcers.....FRANK PODLEISZEK, ROBERT THOMPSON

The thirty members of the Glee Club, who practiced the fourth period on Wednesday, presented a program of one-half religious music, and one-half secular music during the year. In preparation for such a delightful and entertaining program, much co-operation and concentration, on the part of the students with the director, was needed.

The main purpose of this organization was to give those high school students who really wanted to sing, a chance to perform before audiences of various schools, churches, and civic organizations.

In return for its long hours of preparation, the choir received the satisfaction of knowing that some people had been made happy through their musical endeavor.

The *Nova Roma in Libertate* or *New Rome in Liberty* plans its meeting in such a way that they are both educational and entertaining. At Christmas time the Scriptures were read in Latin and a report was given on the Saturnalia, a Roman festival which the Romans held at that season. Other activities include games, poems, songs, puzzles, plays and of course, refreshments. Through the Latin Club the third year students can increase their knowledge of Rome, its language, and the daily life of its inhabitants in days gone by.

Calling all Spanish speaking students! You are invited to the Spanish Club which holds its meetings the second Friday of every month in room 22.

These people are really whizzes. Some of us don't stand a chance in English spelling bees, but imagining doing these same bees in Spanish! Other highlights of the Club's programs include talks by Miss Nancy Wright of Moravian College, who attended a school in Coahuila, Mexico and by Mrs. Clauser of our own faculty, concerning her trip to Mexico. Plays, vocabulary games, and folk songs are also enjoyed.

At Christmas time the Club enjoys a party with the breaking of the traditional Spanish pinata.

A trip to Gimbel Brothers in Philadelphia was planned for the purpose of meeting other Spanish students and teachers in a fiesta.

"Liberty Life" was of vital importance to the students in high school. What source of information could have kept us better informed than this newspaper?

Through the aspiring efforts of the entire staff, the students were informed about the activities of the school, and gained much from the interesting features, such as stories, jokes, and interviews.

Among the opportunities to obtain experience in newspaper work, was the Columbia School Press Association Convention, attended by twelve members of the staff.

In addition to publishing an excellent newspaper, the staff sponsored the "Newspaper Caper", "Newsman's Dance," and the "Snappy Sketches" talent show.

The French Club, *Le Cercle Francais*, consisted of two second year classes and one third year class. Each class was actually a club in itself, which held meetings during the regularly scheduled class period.

Once a month the students gave reports on French customs, provinces, and famous citizens in art, music, government, literature, and science. A usual routine was the singing of French songs, and the students also participated in interesting discussions of current events concerning France. In this way the students grew in understanding of the country whose language they were studying.

The *piece de resistance* for the third year club was a trip to New York City where they ate in French restaurants, saw French movies, and visited French shops.

The purpose of the German Club, *Der deutsche Verein*, was to obtain speakers for the meetings which were held approximately once a month during the regularly scheduled class period. These speakers were either natives of Germany or had studied the German language at one time.

One of the very interesting programs was presented by Helmut Bintz, a theological student at Moravian College for Men, and a native of Germany. He related the story of his life in Germany and also told about his trip to the United States. Because he spoke in German, the students were able to get a good idea of the correct sound and usage of the language.

Another program was presented in the form of slides of Germany and Switzerland. From these slides the students received a general knowledge of the countryside and of the beautiful scenery to be found in these two countries.

Throughout the year, the members enjoyed singing German songs accompanied by Miss Wilson on her little organ, and at Christmas time a special Christmas program was presented by the students.

The Junior Red Cross Council was organized for the first time this year by Dolores Bartek and Miss Crow in co-operation with the Bethlehem Red Cross. The purpose of the group is to give the students of Liberty High School a greater opportunity to work with the Junior Red Cross of America in promoting international good will.

The Council is a governing body which meets on the second Monday of each month in the 1950 room and consists of one representative from each homeroom.

The first project of the Red Cross Council was the Gift Box Program. Seventy-six boxes were filled with toys, educational and personal supplies for needy children in Europe. Members of the Council who took driving instruction in school distributed publicity supplies for the Red Cross Campaign. Appointment cards for donating blood were handed out to those adults who were interested in donating blood for the boys in Korea. The Glee Club made a recording of eleven selections to exchange with a European school as part of the International Music Program.

Because of the enthusiastic support received thus far, the Junior Red Cross program will be enlarged in the future.

Judging from the contributions that Liberty is making to the nursing profession, we can prophesy quick and happy recoveries for all future patients in hospitals all over the country.

The Future Nurses meet in room 312 on the second and fourth Mondays of each month.

The purposes of the organization are:

1. To interest girls in nursing and allied medical professions.
2. To aid students in their adjustments to the schools of their choices.
3. To help students in their choice of schools.

The program for the year included visiting the local hospitals—St. Lukes, Easton and Allentown. A trip to a Philadelphia hospital was partly paid by club funds. Also many speakers including dental hygienists, laboratory technicians, and other specialists were invited to talk at the meetings.

Program meetings of the Future Teacher's Club were held every second Friday of the month, fourth period, and business meetings were held the fourth Friday of every month after school.

At meetings, discussions on the advantages and disadvantages of State Teachers' Colleges and Liberal Arts Colleges aided the members in making important decisions concerning the teaching profession.

A special opportunity given to the club was a combined meeting with the Future Teachers' Club of Moravian College for Men. A movie on teaching was shown and refreshments were served.

The purpose of this club was to give anyone interested in the field of teaching the opportunity to learn the facts pertaining to teaching.

In order to secure experience in this field, the members were assistants to the teachers of their choice and helped them by correcting papers and performing various other duties.

The new Y.M.C.A. building on East Broad Street welcomes the Liberty High Hi-Y Club every Wednesday evening at 7:00.

The boys plan their yearly program so that community, recreational, and educational phases of life are included. All the boys were invited to an Allentown Conference, and the older boys attended a Pottstown Conference. The club aided the Blind Association in its work and gave a financial contribution to the World Service Organization.

Not only did the boys participate in a Hi-Y basketball league, but also won a championship in this same league. Through these and many other ways the club creates, maintains, and extends high standards of Christian character in the home, school, and community.

Meetings of the Junior-Senior Y-Teens were held every second Friday, and committee meetings were held every other Friday. Every time there was a meeting, there was an entertaining program provided by the program committee.

The purpose of the Y-Teen Club was "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians."

The Y-Teen goals were to grow as a person, and to grow in friendship with people of all races, religions, and nationalities.

To carry out these goals, the club presented Christmas gifts to the children at Wiley House, took a trip to New York, and had a Hallowe'en party.

The title of the club tells three-quarters of the story. The group debates on various topics, learns to overcome the difficulties of public speaking, and learns how to develop skill and poise in presenting the spoken word. Parliamentary procedure enters into the picture also.

Part of the year was spent discussing civic problems. During the second semester the club took up the problems of Bethlehem streets and parking areas.

The activities of the group include a radio broadcast in form of a debate, a Hearts and Flowers Dance, and various cake sales during the year. Most important of all, a trip to either New York or Washington, D.C. was planned. The funds for the expedition will be largely furnished from the club's treasury.

Extra time is spent preparing pictures and pamphlets for files, mending books, and planning attractive displays and book exhibits.

Main events of the year included the Book Week Contest which the Club sponsored for students and the faculty, and the Club's own Christmas Party.

The Club does not hibernate in our school library alone, however, for they tour the Bethlehem Public Library, the plant and offices of the Allentown Morning Call, Lehigh University Library, and the School of Library Science at Kutztown State Teachers College

As one strolls down the halls at 8:10 A.M. on Tuesday and Thursday mornings, the music of our praiseworthy orchestra, under the able directorship of Dr. Joseph Ricapito, can be heard floating from the band room.

This fine organization performed at the Junior and Senior Plays, the inspiring Christmas Vesper Service, and the annual Spring Musicals. The seniors will especially remember the orchestra in the final services the Class attended as a group in 1953—the Commencement and Baccalaureate services. Not only Bethlehem High School Students, but also parents and friends heard the radio broadcast the orchestra gave over our local radio station.

In order to honor the Orchestra Mothers Association, the organization planned a Christmas Party. Everyone enjoyed themselves immensely.

This year, as last year, the members of the organization who have participated in this activity for three years will again be rewarded with a sweater.

The Commercial Club was composed of senior students who pursued the Commercial Course.

The purpose of the club was to help the members prepare for entrance into the business world. The girls were able to learn about the opportunities available to them for employment, the qualifications necessary to enter certain fields of work, and the manner of making application for these positions.

Meetings this year, held once a month, were devoted to a discussion of employment opportunities in banking, and illustrated demonstration of electric typing on an IBM typewriter, a tour of Union Bank and Trust Company, and an all day tour of the main offices of Bethlehem Steel Company.

Under the direction of the girls' counselor, Miss Evelyn C. Walper, a new club was organized this year. It was begun because so many girls preparing for college were interested in organizing for the purpose of learning more about all types of colleges as well as about vocations and careers.

A constitution was drawn up, which along with many other provisions, stated that the club would hold bi-monthly business meetings. At these meetings the members were to be informed about colleges and universities and their fields of specialization.

In addition to the meetings, field trips were planned, a workshop on scholarships was conducted, several types of panel discussions were organized. One included college freshmen, another included young women in the profession. College representatives were scheduled to speak to the group.

An organization such as this affords many and varied opportunities, which the members of succeeding classes will be able to develop.

Much time for leisure activity was provided and everyone was able to thoroughly enjoy the meetings held Mondays, Wednesdays, and Fridays sixth period.

The Nature Study Club meetings were held every Tuesday from 3:00 to 4:30 p.m.

One phase of the study consisted of field trips which lasted from 3:00 to 5:00 p.m. They were taken as late in the fall and as early in the spring as the weather permitted. On all field trips the members kept a list of the different objects in all phases of nature study that were studied under the guidance of their instructor.

During the winter months at indoor meetings, part of the time was devoted to interesting talks given by each member on his or her favorite phase of subject in the field of nature study.

The purpose of the club was to give preliminary training to students who would like to become nature study counsellors at summer camps, botanists, druggists, foresters, horticulturists, or landscape gardeners.

This year, for the first time, the Art League was composed of two separate parts working in co-operation with each other. Serving as a foundation was the Art Appreciation class. This class met during regularly scheduled class periods. The second part, the Art Workshop, met every Wednesday after school. Any person interested was able to join this organization. The Art League was a league in principal and name. The members felt that it fulfilled a definite need. Not only were the Art Workshop and Art Appreciation classes working together, but they were also working in league with the Palette Club, Art Alliance, various art-minded groups in Bethlehem, and other organizations in Liberty High School. All of this co-operation was helped along by the presence of committees such as the exhibition committee, the decoration committee and the education committee.

One of the most beneficial additions to Liberty High School this year was the start of the Distributive Education class. This group of boys and girls, all seniors, come to school at 8:30, and spend their morning on subjects concerning good business such as Business English, Economics of Distribution, Job Problems, Merchandising, etc.

In the afternoon each student works for one of the local merchants and in that way practices what he learned in the morning session.

Don't think for a minute that the class is all work and no fun, however. In order to increase their treasury, the club sold "mums" during the football season. The class as a whole has had two joint socials with the Allentown High Distributive Education Class, one in Bethlehem and the other in Allentown. April 13 is an important date to the club members because they will then join other D. E. students at a convention in Pittsburgh.

Under the direction of Mr. Brown, the Tech Tribune, our school paper, was established nine years ago. Ambitious students of Tech made this paper a success.

Our advisors were Mr. Burkhardt, Mr. Leitner, and Mrs. Priolo. Paul Kunsman was the editor; Joseph Horvath was his assistant.

The main purpose of this paper is to let students, not only of Tech, but of other schools, know what is going on behind the scenes. In order to have both an interesting and educational newspaper, the students should have talent in the writing field. Displaying the talent of our artists also adds to the humorous enjoyment of reading a newspaper. It is a step in joining the students of Tech and other schools together in order to create a better relationship between the schools.

We are sure that not only the students of past years, but also future graduates, will continue to bind together material which will be of interest to the students.

The *Young Writer* is an edition of selected writings from students of the secondary schools.

The staff from Tech was selected, as were many other staffs throughout the city. Its purpose is to select the best writings proposed by the students of the Vocational Department.

These proposed writings are then edited by this staff and are sent to the Media Committee of the English Department for further editing.

The Vocational Department's staff, with the aid of Mr. F. L. Leitner, has produced a very fine representation of material for this annual publication.

The Tech Hi-Y, under the able guidance of Mr. Young, is an organization that has always done a fine job in preparing the boys for the future.

Because of the increase in membership fees, caused by the erection expense of the new Y.M.C.A. building, the Tech Hi-Y has decreased its membership.

Even though there has been a dwindling membership this year, the boys still have been able to enjoy the various facilities of the new Y.M.C.A. building.

We sincerely hope that in the future, the Hi-Y Clubs of the Vocational Department will make even more progress than they have in the past.

The Glee Club, under the direction of Mrs. Norwood Wagner, a very capable music teacher, is an extra-curricular activity at Tech.

In the beginning of the year tryouts are held by Mrs. Wagner. The boys with the better voices are taken into the Glee Club. Weeks of practice follow for these boys. The practices are held three times a week and start at 8 o'clock in the morning.

The Glee Club had its first test in an assembly program on Thanksgiving Day. After that they sang at the Vespers and the annual minstrel. When Spring comes, it finds the Glee Club touring the various Junior and Senior High Schools of the city.

The experiences learned by the boys from singing in the Glee Club will help them the rest of their lives because they will be able to face people and the future.

TECH MINSTREL

Advisor MR. HERBERT ROSS

Each year, under the direction of Mr. Ross, there is a minstrel produced by the students of the Vocational Department. This year, as usual, the annual minstrel was staged. Through the hard work of Mr. Ross, Jeff LaRose, and the boys of the cast, the production was a very big hit with the public. The minstrel is made up of several acts, some of which are jokes by the six very humorous end men, vocal solos, instrumental solos, gymnastics and the Glee Club, under the direction of Mrs. Wagner.

The proceeds, are turned over to the senior class to help defray some of their many expenses.

We of the Vocational Department are very proud of the fact our production is so widely known and well-liked. We also appreciate the help that is received from the public and that they are so willing to lend a hand.

DRAFTING SHOP

Tech has a wonderful drafting course, which is essential in any trade. In recent years and in the future it is required that in order to complete your course at Tech one has to have drafting practice.

In your first year of drafting, Mr. Alexander teaches you the fundamentals of the shop. You also will be taught the importance of drafting and will be familiarized with all the instruments you will use.

By the time you reach your second year you are prepared to draw and read blueprints. Mr. Andrucci will give good practice in the use of mechanical drawing instruments. Toward the end of this year more thought is given to mechanical precision.

The last two years are the most important and can be put to good advantage by the student. You have a choice of staying in Mechanical or Structural drafting which is taught by Mr. Dubbeling.

When it is time to graduate you will be glad you took this course because of the great opportunities it has to offer.

MACHINE SHOP

At the present there are two machine shops in operation in our school. Since the retirement of Mr. Hibberd, only Mr. Ross and Mr. Hope's shops have been in operation.

Mr. Ross's shop contains the lathes which are used for the projects that require lathe work. In Mr. Hope's shop there are shapers and milling machines that are used for shaping and milling our jobs. Mr. Hibberd's former shop is used occasionally for filing projects and for repair work on lathes.

In order to be promoted to the next grade, the prospective machinist has to complete several projects in the course of the school year. Before any work is done, however, project preparations are done as homework assignments.

Although only a preliminary machine shop course is taught there have been many graduates who have continued working successfully in this vocation.

Because of this course and its fine instructors we feel that a cornerstone has been laid in the building of future machinists of this land.

ELECTRICAL SHOP

Instructor Mr. RISBON

Electricity is one of the worlds greatest needs. Without it, industry and commerce would be greatly handicapped and could not even exist.

In our three year course, we try to cover as much of the electrical field as possible. We learn the operation and theory of electricity; we cover all sorts of bell circuits, motor windings, and other practical electrical work.

We owe a great deal to our able instructor, Mr. Joseph Risbon, for the tireless efforts he has made to teach us what he can about electricity.

Electricity has an important role in the worlds industry and future. Many men are needed to fill the countless jobs in this field. With the knowledge we have acquired we are sure we can fill these jobs.

The boys in Electrical Shop have had a happy three years in Tech and we hope the boys that follow us will have them too.

WOOD SHOP

Instructor MR. DETWILER

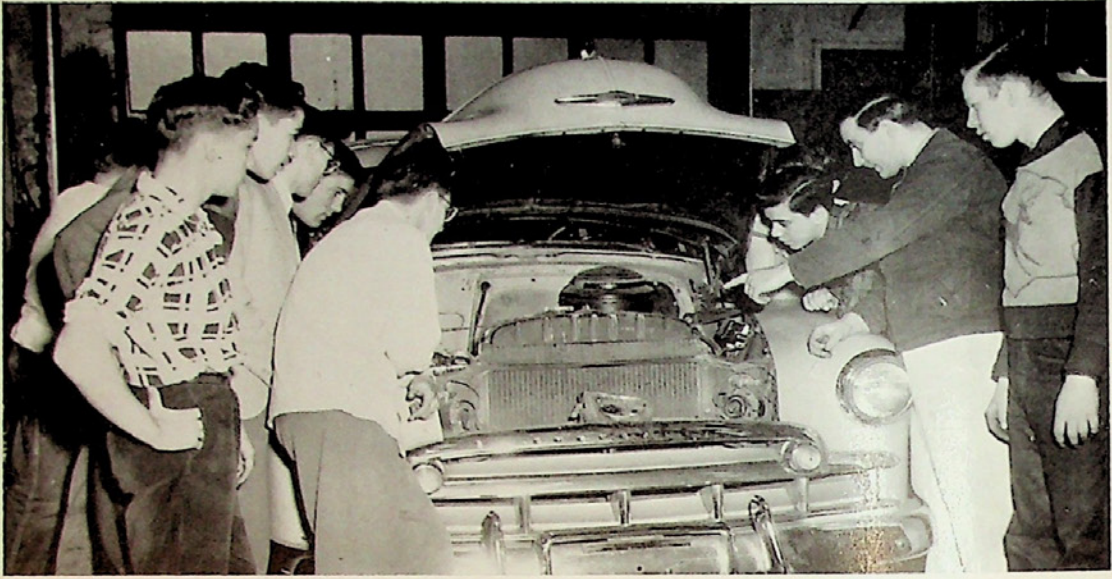

Wood is one of the most widely used materials in our everyday life. In recent years it has been more or less taken for granted. It is used in constructing our furniture, and for many interior jobs. If our supply of lumber is to be kept up, we will have to practice conservation of our wood lands more and more every day.

The three years spent in the Vocational Wood Shop must be taken in steps. The first year is to spend most of your time studying joints, hand tools, glueing, sanding, and watching the actual construction of jobs. The second year you get the practical use of our power machines such as the circular saws, jointers, and surfacers. The third year you are more or less on your own. You help get the undergraduates started and do most of the work around the shop.

Most of the work done here is for community organizations such as Red Cross, Salvation Army, and churches.

AUTO SHOP

Instructor Mr. VALONE

Since the automobile is the most important form of transportation in the United States today, its maintenance is a concrete necessity. Therefore, there is a great need for automobile maintenance men.

In the Auto Shop, students try their level best to successfully learn the phases of the automotive industry.

The first year of training is devoted to enable the student to become accustomed to the tools of the trade. As soon as the student becomes more proficient in his trade he is then taught a little of every thing about automobiles. This includes body and fender work, engine repair and painting.

Mr. Valone, our instructor, is doing a very fine job in teaching the students of the Auto Shop the auto mechanic trade.

PRINT SHOP

InstructorMR. HUNSINGER

The print shop in Tech is very complete. The shop is divided into three sections; the composing room, the press room, and the bindery room.

The composing room is where the type is set and made ready for the press. Then the type is locked in a chase and put on the press where it is to be printed. The finished printed material is taken to the bindery where it is trimmed, stitched, perforated or whatever may need to be done.

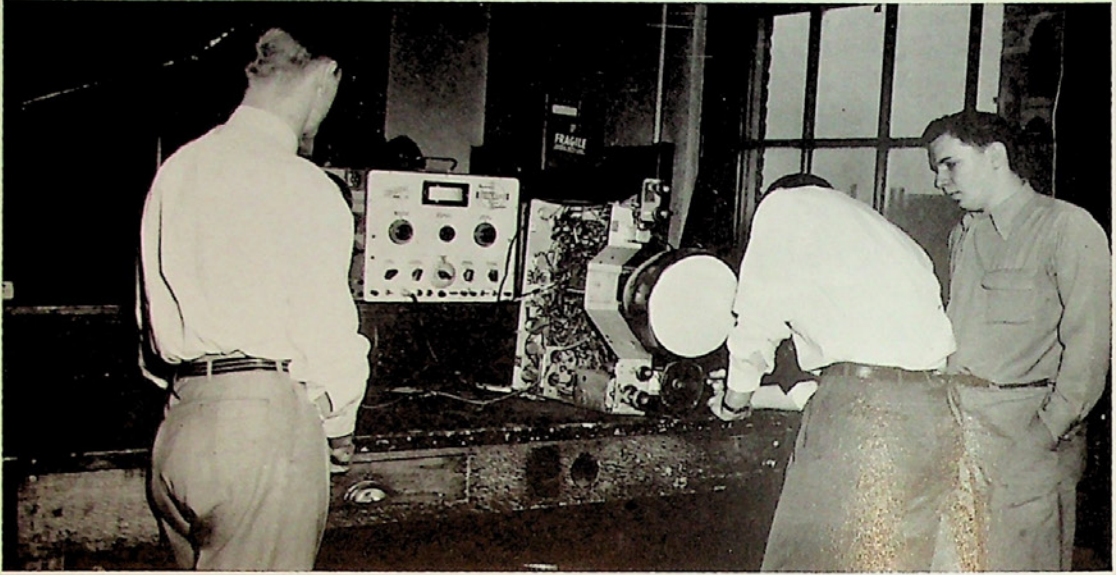

The composing room contains more than two hundred cases of type, a proof press, and typesetting instruments.

The press room has two Platen presses, a Hartford press, a Vertical and Kelley press.

The first year the students have a series of projects to cover, while the upper classmen run the presses on various school forms.

RADIO SHOP

Instructor.....MR. HARTMAN

In the Vocational Department's Radio Shop a good basic knowledge of Electronics can be acquired. The first year in this department is spent studying Direct Current and its applications.

The second year covers the Alternating Current Theory, filter circuits, impedance, inductance, reactance and audio amplifiers.

In your senior year you are given a choice between modern servicing methods and a specific application of electronics, such as amplification.

Whatever course you select you will work with the finest equipment and study under a most capable instructor. Mr. Hartman, our instructor, has the necessary background to give each and every student a good foundation in Radio and Electronics.

After completing the course, your acquired knowledge can be applied to any future vocations in radio and electronics.

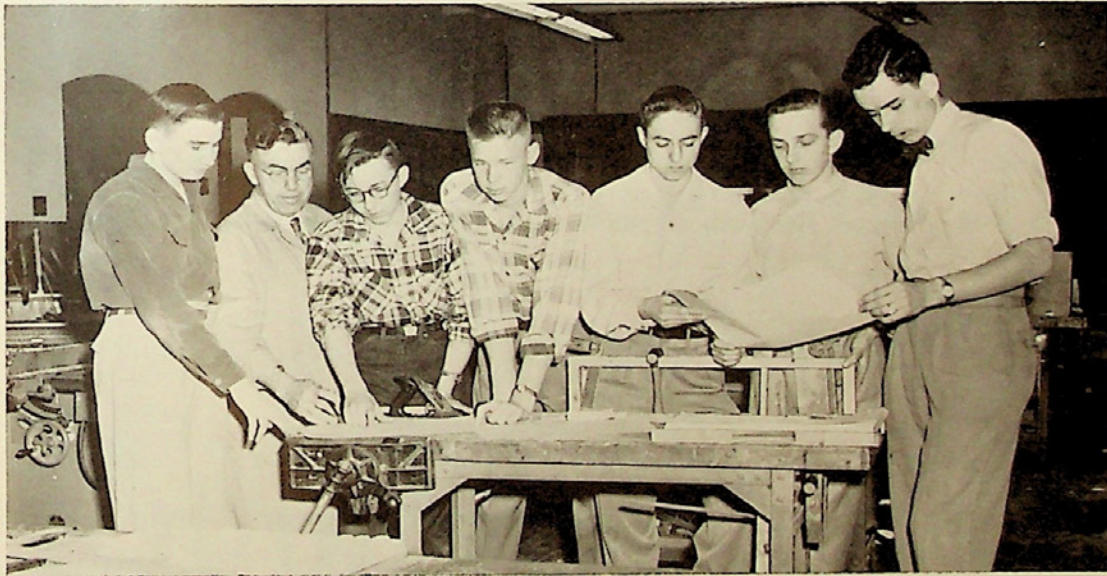

LIBERTY STAGE CREW

Advisor.....MR. AUSTIN CRESSMAN

What would our stage performances be like without this crew to provide the background? No, we don't mean musical background, but scenery, lighting effects and the like. Remember the effective milk bar setting of Snappy Sketches? The stage crew in cooperation with the shop classes planned, designed and painted all of the scenery.

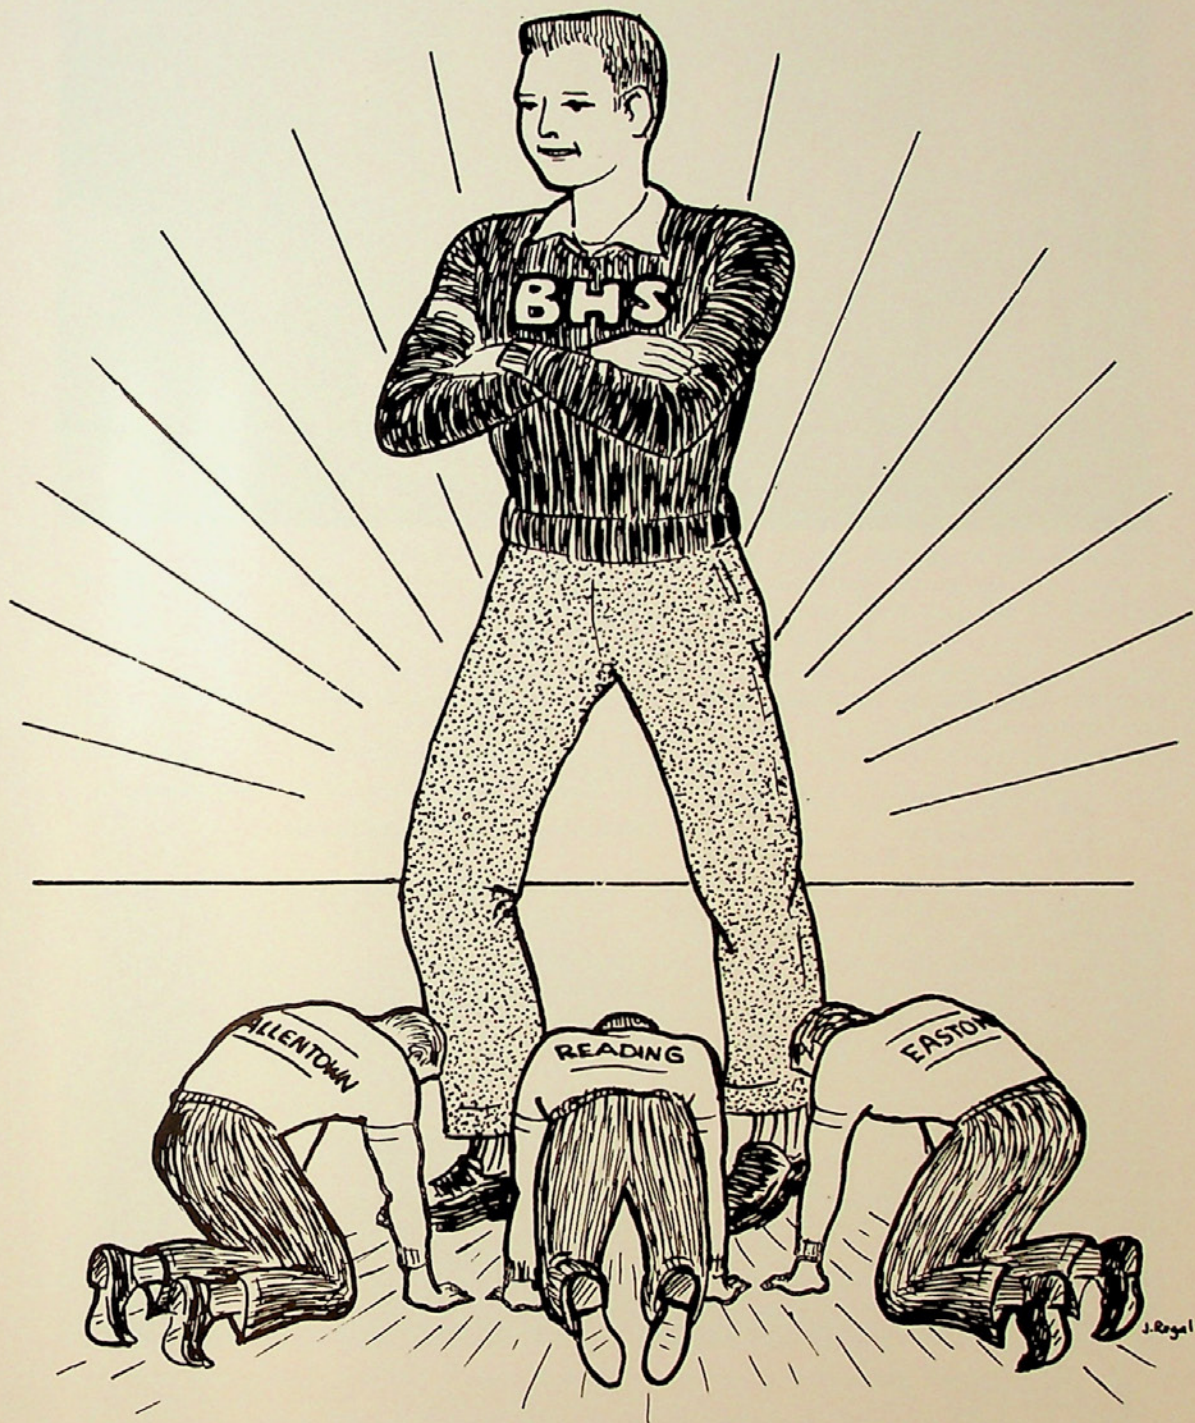

Many nights after school and holidays were spent by these eager beavers transferring our stage into the beautiful settings for the tableau of the Christmas Vespers. The Spring Concert was also a big undertaking. Many of our school productions were certainly made professional looking by our hard working stage crew.

SOCCER

Coach MR. TED MARTZ

Bethlehem High's Soccer Team won four games, lost two, and tied one. Both of the losses were to Jonestown-Fredericksburg Jointure. Sparking the team during the season were James Hudak, Robert Gall, Ronald Ost, Captain Joseph Castro, Leon Reiss and Glen Rodenbach. This combine scored seventeen goals with Ost and Hudak netting four apiece. The defensive unit included junior Goalie-James Hume, Robert Boyer, William Benner, Robert Garcia, Donald Young, Michael Cabrera, and Alex McWilliam.

In the first game with Palisades High, the Hurricane booters blanked their opponents, 4-0 with Ronald Ost notching two goals.

In the second game, a 5-3 loss to Jonestown-Fredericksburg Jointure, Bethlehem led 1-0 and 3-2 only to have their defense pounded relentlessly in the 2nd half which brought the margin of victory to the Lebanon County Champs.

The booters defeated Hamburg at home, 4-3 in a wild scoring game which saw the lead change hands several times. Robert Gall scored two goals for Bethlehem.

The Hurricane beat Palisades again 2-1 with Jimmy Hudak leading the winners with an assist and a goal.

In the fifth game, B.H.S. came from behind to defeat the Red Knights of Reading on goals by Glenn "Skippy" Rodenbach and Ronald Ost in the first half.

B.H.S. ended the season with a last minute goal by Glenn Rodenbach, after the Hurricane squad employed a seven-man offensive press which confused the Red Knights of Reading High. In the over time period, a fierce battle was fought to no avail; but Garcia, Cabrera, and Castro kept the ball in Reading's back yard most of the 10 minutes.

Congratulations to the spirited squad and the managers; Behler, Stackewich, and Tracy.

During the 1952 season, the Red and Blue Hurricane under the able direction of Coach Butler racked up eight wins as against two setbacks. By the end of the season, Bethlehem High's "rookie" squad had developed into a highly competent offensive and defensive machine.

The Red and Blue opened the season by plastering a 32-0 defeat on the visiting Southern High School of Philadelphia.

The following week, with George Jenkins showing the way, the Red Hurricanes were again victorious by a 14-0 score over a visiting Philadelphia team, this time against Bok Vocational.

Led by brilliant backfield play and a hard charging, alert line, Coach Butler's fired-up boys pulverized a highly rated Phillipsburg team by 20-6 score. Quarterback Arden Miller led a 92 yard scoring drive to break the back of the Garnet.

Two touchdowns by George Jenkins and two extra points by Danny Shelbo in his varsity debut featured a 14-6 triumph over Milton Hershey.

All hopes for an undefeated season went out the window, when a hard charging Reading line blocked two punts in a 26-21 defeat of the Red and Blue.

The following week, the Red Hurricane rebounded by upsetting an unbeaten Easton High eleven to the tune of 21-14. Spearheading the triumph with long broken-field running was Bobby Rich.

Using reserves throughout the second half, the Liberty lads blew over the Pennsylvania School for the Deaf by a 27-18 score, despite a futile fourth quarter rally by P.S.D.

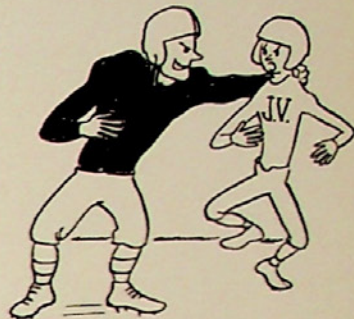

Returning to active duty for the first time since an arm injury sidelined him in the P-Burg game, Paul Slifka led the Hurricane attack with two second half touchdowns against Academy High School, Erie. After a strong Erie defense had held the Hurricane to a 7-6 halftime advantage. Bethlehem High broke lose for a 21-6 victory.

As the Red and Blue Hurricane prepared for its traditional Thanksgiving clash with Allentown High School, hopes were high for an upset over the highly-rated Canaries, whose only setback had come at the hands of a powerful Baltimore, Maryland, aggregation. When the smoke of the battle had cleared, Allentown's powerful Canaries, led by an alert line and speedy backfield, had come out on top by a 25-6 score. Spearheading the Red and Blue, even in defeat, was Paul Slifka, whose 88 yards gained on 21 attempts from scrimmage earned him the selection as the game's most valuable player.

VARSITY FOOTBALL (Continued)

At the close of the season, the team of 1934 selected Bobby Rich, who led the Hurricane in scoring with eight touchdowns and in yards gained with over 700, as the outstanding back of the year. Chosen by the Hurricane squad of 1940 as the outstanding lineman was center Ed Svetecz, who was the only double-duty man in Coach Butler's two platoon system. Other standouts for the Red and Blue were Arden Miller and Hal Ambrose, quarterbacks, Joe Bolash, George Jenkins, Mike DePaula, and Lou Petras, backs; and linemen George Walter, Larry Enstrom, Frank Gutierrez, Ron Flemming, Dave Preletz, Ron Fradeneck, Dick Palanchar, Danny Shelbo, George Petro, Parker, Jacoby and John Andrews.

COACHES

Head Coach.....MR. JOSEPH PRELETZ
 Assistant Coach.....MR. JOHN FUHR

Under the direction of Coach Preletz, the Bethlehem High School Basketball squad began the season with only two established varsity performers, Captain Bobby Gall and Dick Palanchar. The season's curtain raised on December 9 saw the Red and Blue, led by Bobby Gall's 26 points, victorious, 65-43, over Catasaquua, defending District XI champs.

The improving Hurricane swept through three exhibition opponents in grand style, defeating Reading 61-48, Northampton 77-52, and Slatington 67-49. Led by brilliant floor generalship of Captain Gall, the B.H.S. five romped in the Class "A" division of the Lehigh Valley Invitational Tournament, subduing Easton 82-48 and Parkland 95-51. Coach Preletz's proteges set a new L.V.I.T. scoring record in the first game, then broke their own in the championship clash.

Blowing at full strength, the Hurricane humiliated a powerful Pottstown quintet, 66-51, after establishing a 20 point advantage in the first half.

In their first East Penn League encounter on January 6 the Hurricane met a stubborn Easton High defense which limited the Red and Blue to 42 points in a 46-42 upset. On January 9, in the packed L.H.S. gym, the power laden Allentown Canaries dealt the Hurricane a second successive defeat by a 73-86 score despite a late surge by the B.H.S. lads.

However, the Red Hurricane, led by Bobby Gall's record-breaking 45 points, bounced back to subdue a high-flying Pottsville five to the tune of 88-74. Bethlehem High's superior height proved too much for Central Catholic's Vikings, and the Hurricane walked off with a 57-45 verdict. At Hazleton Stan Kunkle's two foul shots and Dick Palanchar's field goal provided the Hurricane with a 56-51 victory over the Mountaineers and enabled them to finish first half play tied with Pottsville for second place.

On January 30, revenge seeking Red and Blue opened second half play at home with a 55-48 verdict over Easton's Red Rovers. The following night, a weary band of basketeers were beaten 55-36 by a smooth operating Old Forge quintet in the nightcap of the Eye Glass Fund doubleheader at Grace Hall. Three nights later, Bethlehem High bounced back with a 42-37 defeat of Reading.

Playing without the full services of Captain Bobby Gall who had been sidelined with a back injury, Bethlehem High, led by Ed Szvetcz's tireless rebounding and Don Stinner's second half scoring spree, extended Allentown's first half champs all the way before bowing in the last minute, 59-51.

Before a full house in the Liberty bandbox, Coach Preletz's boys, handed cross town rival, Bethlehem Catholic High, its first setback in 21 games.

VARSITY BASKETBALL (Continued)

A last second field goal and 17 points by Pop Palenchar, led the Hurricane to a 67-66 victory at Pottsville. Using substitutes and J. V.'s freely, Coach Preletz's basketekers rolled over an outmanned Phillipsburg team on February 17th.

Bobby Gall and Charlie Lawrence hooked up in a red-hot scoring duel, with the former scoring 21 points and the latter 29 as the Red and Blue Hurricane conquered Central Catholic High of Allentown in a 65-63 thriller at Bethlehem.

Last minute field goals by Ed Szvetez and Bobby Gall after the Red and Blue had fallen six points behind with three minutes to play, sparked a 65-52 victory over Hazleton in the final game of the regular season.

By virtue of its triumph over Hazleton and a 4-1 second half league scoring record, the Red and Blue Hurricane earned a first place tie with Allentown's Canaries for second half East Penn League Honors. On March 3 in the Penn Palestra, a last quarter A.H.S. rally sank the Red and Blue by a 67-59 score, despite 19 points by Dick Palenchar, in his best performance of the year.

Leading the Hurricane to a most successful 17-5 season was Captain Bobby Gall whose 378 points for the year established a new B.H.S. scoring record. Moreover Bobby's 184 points in 10 East Penn League clashes enabled him to top the loop in scoring as well. Dick Palenchar had 230 points for the season and 116 in league play to place second on the team. Ace rebounder Ed Szvetez scored 158 points and 92 respectfully; sophomore Jim Bauder 115 and 56; Dave Preletz 106 and 52 points; and Don Stinner 99 and 42.

JUNIOR VARSITY BASKETBALL

Coach.....MR. JOHN FUHR

The junior Red and Blue Hurricane under the direction of Coach Fuhr completed a very successful 14-4 season.

Top scorers for the J. V.'s were Jimmy Williams with 238 points, Dave Keen with 222 points, and Charlie Moyer with 135 points.

Coach..... MR. JAMES HARKINS

With seven varsity veterans returning, the Red Hurricane matmen looked forward to a very successful season as they opened defense of their Lehigh Valley Wrestling League championship.

The Red and Blue grapplers opened their ten meet schedule on December 11 by humiliating the Allentown High Canaries by a 42-8 score as five of Coach Harkins' wrestlers, Captain Ron Flemming, Jim McIntyre, Dennis Patton, Billy Kramm, and Frank Gutierrez, pinned A.H.S. opponents.

Racking up eight triumphs in eleven bouts, the Red and Blue Hurricane, led by Pierce Knauss, Jack Hazen, and Ron Flemming, who scored falls, defeated Easton High 28-14 on the Red Rover mats.

Showing no effect after a twenty day layoff, the Hurricane, wrestling at home, cashed in with two falls and six decisions in pulling out a 29-15 verdict over highly rated Northampton, who scored all their points with three pins.

On January 15, the Red and Blue, with two falls and four decisions, edged out a previously unbeaten Nazareth High squad 23-19 to sieze undisputed possession of first place in the Lehigh Valley League. Parker Jacoby's decision in the 186 pound class after the Eagles had closed in at 20-19 clenched it for Coach Harkins' crew.

The following week, the unbeaten B.H.S. matmen rolled on to a 35-12 rout of Phillipsburg with Dennis Patton, Pierce Knauss, Billy Kramm, and Bill Deibler pinning their opponents and four other Hurricane wrestlers gaining decisions.

Winning seven of ten bouts, the Bethlehem High grapplers continued their winning ways with a 34-11 victory at Allentown as Captain Ron Flemming, Pierce Knauss, and Bob Thompson registered falls for the Red and Blue.

In a thrilling meet on the Hurricane mats, the Red and Blue vanquished Easton's Red Rovers 24-21. Coach Harkins' proteges chalked up two pins and four decisions.

VARSITY WRESTLING (Continued)

Registering three falls and five decisions a powerful Northampton High wrestling squad avenged an earlier setback by defeating the Red and Blue 30-9 at Northampton.

Ron Flemming and Bill Deibler scored falls for the Red and Blue as Bethlehem High defeated Nazareth on the Hurricane mats by a 25-14 score.

On the last dual meet of the season at Phillipsburg, the Hurricane blew over the Garnet 37-5. The B.H.S. matmen scored nine victories in ten bouts, winning five by falls.

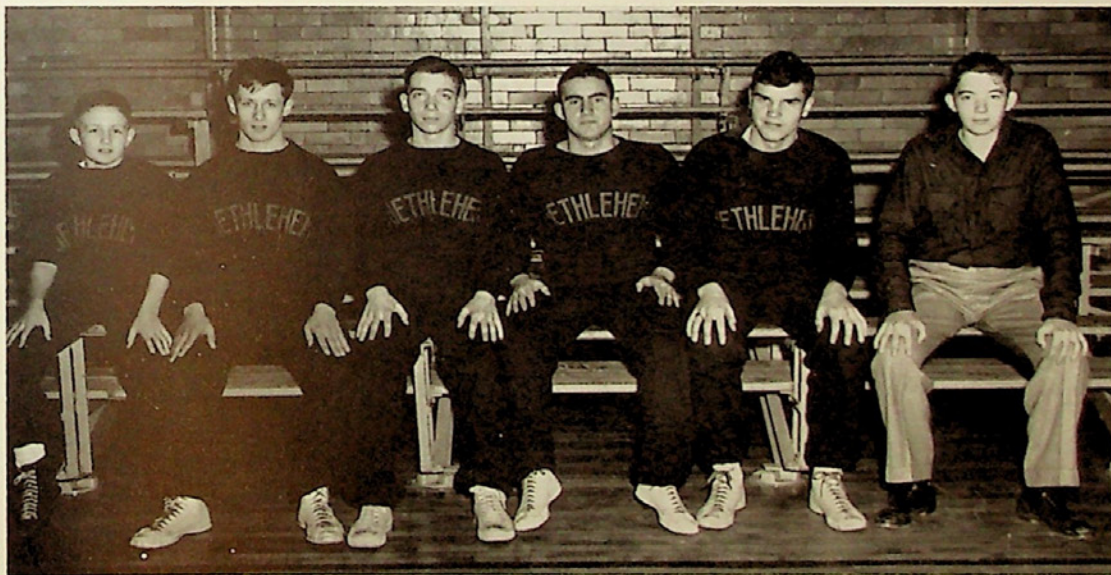

In the District XI meet at Northampton High School on February 27 and 28, the Red and Blue Hurricane scored 27 points to place second behind Northampton's Koncrete Kids, who scored 50 points to take the championship. Captain Ron Flemming at 154 pounds and Jerry Symons at 95 pounds won individual awards for the Red and Blue, while Terry Iasello, Jack Hazen, and Frank Gutierrez came in with second place honors. Flemming went on to win the Regional Crown at Wilkes College in Wilkes-Barre and Symons came home with a second place trophy.

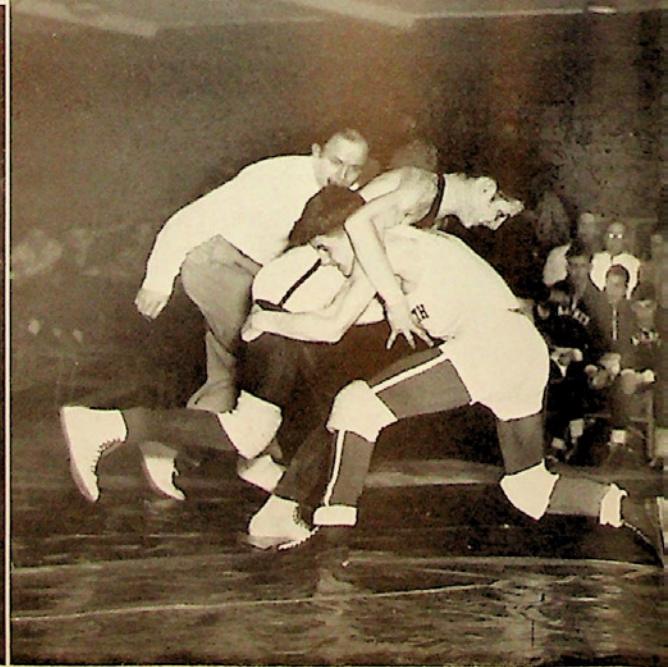

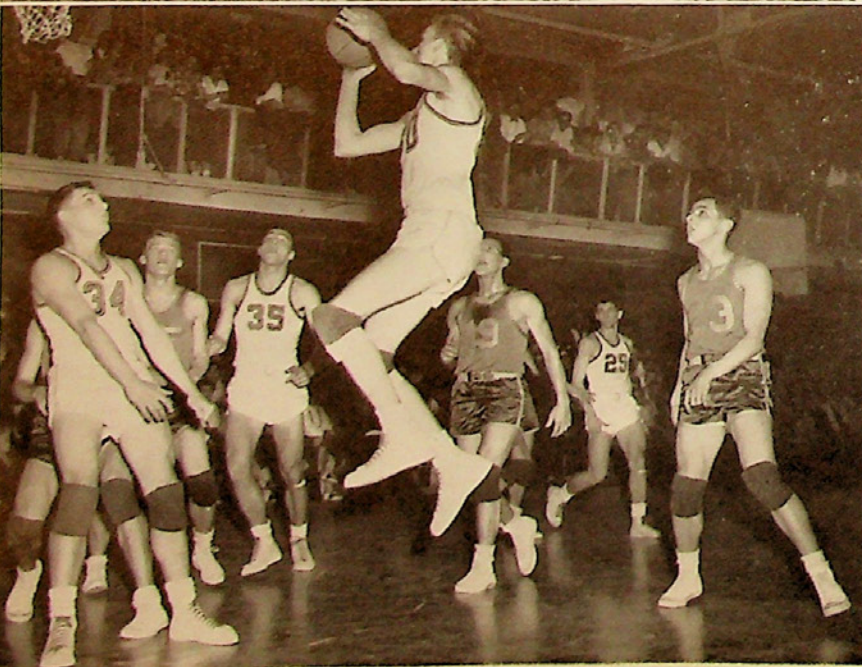

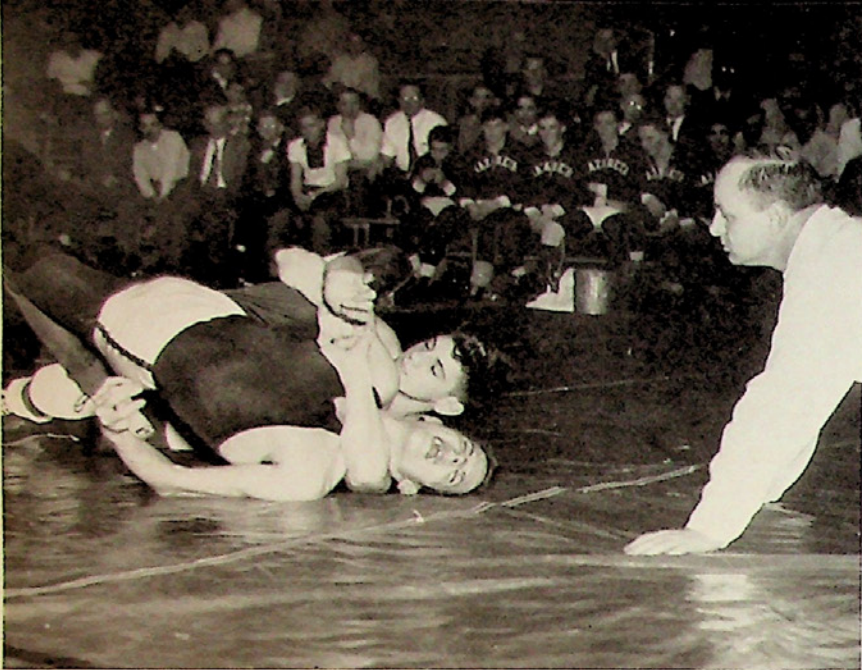

JUNIOR VARSITY WRESTLING

Coach.....MR. JAMES HARKINS

The junior varsity wrestlers, under the direction of Coach Harkins, competed in two dual meets during the 1952-53 season. In completing a successful season, the J. V. matmen, led by Joe Garbush, defeated the Bethlehem Catholic grapplers twice by overwhelming scores.

BOYS' SWIMMING CLUB

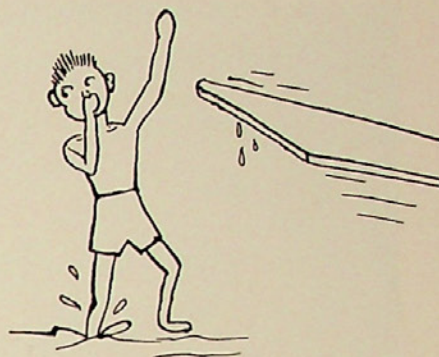

Advisor MR. TED MARTZ

The Swimming Club has 23 members, comprised of two seniors, eight juniors, and 13 sophomores. This year's Swimming Club set for its goal the Aquacade and the District XI Championships at East Stroudsburg State Teachers' College. The club does not participate in any dual meets but functions as a club to teach boys to improve their swimming and diving techniques. On April 23 and 24, the boys compete in diving displays, inter-class relays and clown acts.

On February 21, 1953, the Bethlehem High Team scored 40 points and placed second in the District XI finals. The Club scored in every event to place men in the scoring column. There were five places with the awarding of 6 points for 1st, 4 points for 2nd, 3 for third, 2 for fourth, 1 for fifth. Other teams entered in the District Championships were Allentown which placed first and Hazleton which placed third.

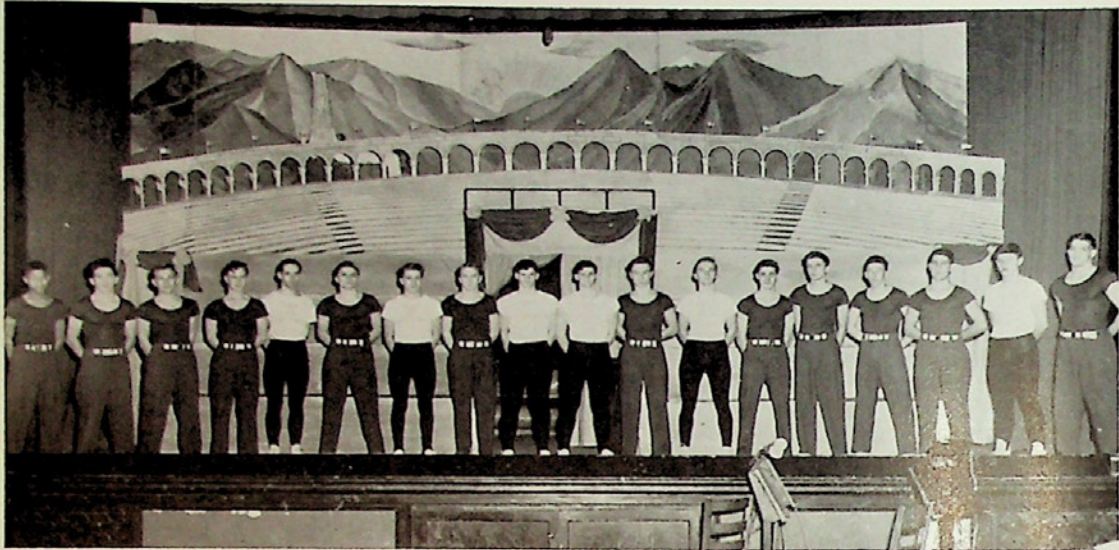

James Foster, junior, won a first in Diving with a score of 60.5 for six dives, and first in the 200 yard Freestyle event which was timed at 2:20.7. Flex Illick took first place honors in the 50 yard Freestyle in 25.9 seconds, and second in the 150 yard Individual Medley. The Medley Relay team composed of Richard Sabol, John Walzer, and Nelson Cochran took second honors in the meet. Sabol also took fourth in the Backstroke; Walzer, a fourth in Breaststroke; and Cochran, a fifth in the 100 yard Freestyle. These three boys scored 12 points for the team. Foster scored 12 points and Illick had 10 points. The Hurricane placed men in all nine events which consisted of: 50-yd. Freestyle, 100-yd. Breaststroke, 200-yd. Freestyle, 100-yd. Backstroke, 100-yd. Freestyle, Diving, 150-yd. Individual Medley, 150-yd. Medley Relay, and the 200-yd. Freestyle Relay.

Bethlehem High entered five boys in the Regional Tournament held at Franklin & Marshall College, Lancaster, on February 28, 1953. By scoring seven points, the Red Hurricane took eighth place among the sixteen teams entered from four eastern Pennsylvania districts. Fourth in the 50-yd. freestyle was Flex Illick. James Foster placed fourth in diving and sixth in the 200-yd. freestyle. The medley relay team of Sabol, Walzer, and Cochran finished seventh.

Coach.....MR. LEO PRENDERGAST

The Tech Tumblers, under the expert supervision of Mr. Leo Prendergast, are an integral part of the annual minstrel.

A few weeks before the minstrel rehearsals begin, a call for tumblers is sent throughout the school. The results of these calls are very good and practice sessions begin immediately.

It takes time and plenty of practice to accomplish many of the acrobatic feats performed by these boys.

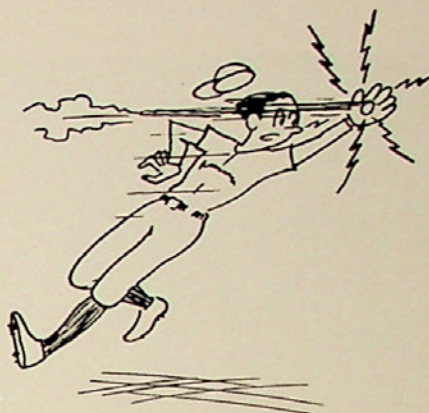

Every year during the minstrel, these boys have performed successfully and we do hope that in future years we will have the honor of watching them run through their paces.

BASEBALL

Coach.....MR JOHN HOWARD

Prospects again look bright for the 1953 edition of Coach Johnny Howard's baseballers. Five returning lettermen will bolster the Red Hurricane nine as it prepares to play a difficult twelve game schedule.

Expected to lead the Hurricane attack this spring are veterans Dick Simpson, first baseman; Bobby Boyer, pitcher; Harold Fiest, catcher; Luthur La Bar, third baseman; and George Walters, outfielder. Other returners from last year's third place East Penn League Club are Bruce Wagner, Dave Jones, Jim McIntyre, and George Jenkins.

Coach MR. WILLIAM H. EMREY

When Coach Emery asks for track candidates for the 1953 season a record number will answer the call. The returning trackmen, who are considered better than those of several seasons, earned 124½ points in the 1952 campaign and should provide the Red Hurricane with a strong nucleus for the oncoming season.

Fifteen seniors who have taken part in past competition will be returning for their last year of varsity action. Leading the returners will be Jim Hudak, whose specialty is the mile and who was the highest point winner from last year's squad. Seniors Jack Hazen and Rich Rodenbach will compete in the half-mile, and Don Bortz in the 400 yard dash.

The mighty men with the high-flying discuses will be veterans Neil Miller and John O'Connors. Speedy Bobby Rich of football fame will race the 100 and 200 yard dash. A powerful trio consisting of Rodney Hutl, Steve Popyach, and Richard Ravier will be the B.H.S. representatives in the javelin throw. Stan Kunkle, Lou Petras, and Dave Preletz are expected to defend their alma mater's honor in the hurdles; whereas Dick Jacoby is the only shotputter returning from the 1952 team.

Under the capable tutelage of "Pop" Emrey, another traditionally power-laden track team is expected.

TENNIS

Coach MR. FRANK KERNAN

Hello again this is your sports announcer bringing you a summary of Liberty High's 1952 tennis team from Sand Island.

But first a few statistics about tennis. Tennis has been popular at B.H.S. ever since 1922. For the past five years Mr. Kernan has coached teams to many victories.

Tennis, the fast game that encourages very keen competition is one of the more active and interesting sports in which Liberty High students may participate. Every boy on the team has the opportunity to try out for the number one spot on the team. After the number one man has been chosen, the other boys are free at any time to challenge him to a match to see if his playing is still superior to his teammates.

Eighteen boys turned out for the team and eight boys were chosen to participate in the difficult round-robin competition.

The tennis team plays in the Lehigh Valley Interscholastic Tennis League, and meets Reading, Allentown, and Easton.

In the number one spot on our team was Jimmy Howell a senior who had participated in tennis for the Red and Blue for four years.

Joe Illick, a third year man, filled the number two spot. A second year fellow was John St. Clair, third place competition. A sophomore, Merr Trumbore, had the spotlight in fourth place. Also on our varsity team were Dave Vanatta, a junior, first year on the tennis team; Hank Tinges a senior, also a first year man; Jim Foster, a sophomore; Dave Hedge and Jason Weiner, both juniors playing for their first year on the squad. Johnny Walzer is the team manager.

The "racketeers" romped over Reading with a score of 5-1, but managed only to tie with Easton in three matches.

Bowling was under the able direction of Mrs. Elsie Weston. Many thanks also have to go to Mr. Edward King, proprietor of the Liberty Bowling Alleys where games were rolled every Monday, Wednesday, and Thursday after school; and Mrs. Leah Risser and Mrs. Florence Gucker, who donated much of their time to help the girls improve their game. As members of the American Junior Bowling Congress, they were asked to participate in the National Tournament in March.

 Student Directors NANCY THURN, BARBARA HITTINGER,
 and KATHARINE COOK

Much hard work and long hours were put into preparing for the annual swimming club production, the Aquacade. Every Wednesday after school, one could find the Liberty High Mermaids diligently at work perfecting their strokes and routines.

Many thanks must go to the able advisor, Miss Marilyn Clymer, whose tireless efforts helped to make the Aquacade the huge success it proved to be.

The Aquacade was appropriately called the "April Swimphony" and was held on April 23 and 24.

T-E-A-M—YAY TEAM! Whose making all that noise on the gridiron and the basketball court? It's our own B.H.S. cheerleaders.

Under the able direction of Miss Carmela Tarole, the cheerleaders practiced hard to learn new cheers and created more school spirit at the athletic events.

The squad of three boys and eight girls showed good sportsmanship throughout the season while adding zest to the excited crowd.

MAJORETTES

Advisor MRS. ELSIE WESTON

Beside adding much color to parades and half-time performances at the basketball and football games, there are many more responsibilities the majorettes have. They must be prompt in attendance at 7:30 practices, boots must be kept polished and the new uniforms must be kept spic and span. Let us not forget keeping their batons in their hands, making up drills, remembering those drills when the final performance is given, and most important of all, keeping in step!

Even though the sore muscles, frozen fingers, and black and blue marks are many, not one of these girls would sacrifice her spot on the field for a seat in the stands.

Many thanks have to be given to these senior and junior girls for adding so much color to many of our special events.

First row—left to right: Marie Zeiner, Constance Conover, Joanne Deutsch.

Second row: Lois Reynolds, Lida Overbeck, Joan Sabol, Bernice Boehler, Dorothy Ann Hlavinka, Lois Shemansky, Patricia Brandt, Patricia Kotlik, Elizabeth George, Dolores Shelbo, Patricia Bartek, Margaret Barath, Carole Scott, Clara Nagy, Lola Gallanos.

LIBERTY CLASS PROPHECY

**“DOUBLE, DOUBLE, TOIL AND TROUBLE;
FIRE BURN AND CAULDRON BUBBLE.”**

—MACBETH

As I gaze through the billowing haze issuing from yon pot, the visions cometh fast and clear. I see, as the bubbling doth cease, a group of personages from the twentieth century-troth! They are seniors of the class of nineteen-hundred and fifty-three.

But notice the vision now fading. Time changeth. As it clears again I seem to see the same group somehow differred. Aha! It is the year nineteen sixty-three as each member is mirrored and recognizable in my great pot. I do discern a group of them who hath pledged themselves to educating the youth. There is Nancy Thurn, and Pat Woodring followed by—yes, Janet Marsteller, JoAnn Neuman and Pat Kotlik all on their way to their classrooms. In the gym of this school I can see Nancy Levitz and Barbara Kerchner working earnestly with another group.

And now the clouding flaunts my vision, till again I see a new scene—a white building lined with bed on bed. There are many class members hurrying thither and yon to quiet the suffering. I see Dorothy Braun, Shirley Haltzman, Ann Marie Christman among those that just hurried by. Coming down the far corridor is Olga Postapack followed quickly by Joan Silberman. Then the cause of this activity—they to whom the ill first bringeth their affliction—the doctors. Here are Joan and Joanne Webber; and Kurt Ihle. Working with them I perceive others—Martha Snyder, psychologist, Georgianna Martin, psychiatrist; with tubes and tests closeted in a workroom (laboratory they calleth it); and Steve Popyach, chemist.

Again the Cauldron bubbles and a new scene presenteth itself. Here is another group of scientists—Lois LaBelle, physicist; James Doluisio, pharmacist; and some engineers, Wally Seifert, Joe Laslo, Tom Peterson, and Dick Simpson.

As the scene fadeth and another group doth appear, I am in a large structure of stone and steel, of such magnitude it dwarfs me. The boiling quiets and I am in one of the rooms of this monster. It is an establishment of business! Here I find Carmela DiAugustine, as the receptionist; Ann Pendleton and Shirley Cope, the secretaries; Betty Ann Mueller, the bookkeeper; and Joy Thomas all busy, busy. The chief executive, Sylvia Lancner, enters, and goes into a parley with John Regal, industrial designer; Ken Goff, commercial photographer; Clara Nagy, the editor of the city's leading newspaper; and Phil Rife, a prominent social worker in the community.

In the reception room Gerald Cousins, radio repairman, is quickly fixing the machine whose disuse causes a snare in the business of the building.

Bubble, bubble, again it doth bubble. Here is the group who have dedicated their services to the protection of their country. There is Bob Diefenderfer and Gene Kospiah in the garb of seafarers; also, differently clothed, are Steve Yob and Walt Piff.

Now the scenes changeth so quickly! There is a flying machine—airplane, I believe. Inside are Bill Grube, before the controls; Helen Popadinecz and Jean Derrico, hostesses. The machine riseth now and below among the rich fields of grain is Dick Pharo, a scientific farmer. To the right is a forest green. Surveying all about him stands Frank Fluck, a forester.

Here appeareth many more—Beulah Grimes and Frank Podleiszek singing gaily; Virginia Oravec, home economist; Earl Hahn, minister; but they cometh too fast, I cannot tell you more.

Now the fire burneth low; all visions fade, all bubbling doth cease—I can see no more. I witnessed many wondrous things—the most wondrous of which was on every face—the happiness of accomplishment.

TECH CLASS PROPHECY

*The future contains many surprises for all,
Whether they're fat ones; thin ones; large or small.
Although this may seem to be but a wreck,
We are proud to present the class prophecy from Tech.*

We will see "Andy" Weinperl take the professional wrestling crown from Lou Thesz.

It is said that, "Fritz" Werner and "Tex" Rieger plan to re-open the Lehigh Theater because they miss those western films.

"Kenny" Mathias will be getting a job that pays forty dollars a week and all he can eat. You guessed it, he's going to become a garbage collector.

"Joe" Ackerman is going to write a book, the subject, "How to Take Gym."

Sidney Reph and Charles Hittinger are co-owners of a "dude" ranch.

Gene Burke is going to be Santa Claus for Hess Brothers, on Christmas.

Richard Svetecz intends to be a musician, playing second fiddle to his girl.

Marvin Yeakel and Richard Boehm are planning to coach a girls' basketball team.

Charles Repasch wants to become a mortician, because he loves to plant things.

Roger Harmady believes that he will get a job sweeping out the corners in a roundhouse.

"Freddie" Bersch and "Buzz" Jacoby are going to journey to Florida to help with the harvesting, on a cotton plantation.

James Masteller doesn't like to work, therefore, he expects to become a school teacher.

"Dick" Rowe is going to be like Benjamin Franklin and go fly a kite.

"Fish" Ezar's only ambition is to become a professional pretzel twister.

"Mick" DeBellis will be the first person to sail up the Lehigh River on board a battleship.

"Foggy" Burian plans to get away from it all and become a hermit.

"Bob" Skibitsky wants to be the first person to descend Niagra Falls in a rowboat. (What kind of flowers would you like, Bob?).

"Willie" Pfliegler is going to get a job, then his girl won't have to take him to the movies any longer.

We always wondered why "Bill" Werner kept hitting himself on the head. Now we know. He is going to be an astronomer and that's the only method he has of studying the stars.

"Joe" Durocher's lifetime ambition is to become a bat-boy for the New York Yankees.

In the future we will hope to see "Bill" Dobyman selling orange drink on the Boardwalk in Atlantic City.

After graduation "Joe" Wydock is going to be an atom bomb specialist. (More power to you, Joe.)

We, of the Vocational Department, sincerely hope that you have not suffered any ill-effects from reading this prophecy. If you have not enjoyed it, please do not throw this book away. Merely, rip out this page and feed it to your dog.

A REVERIE

I came across a chest today;
I found all sorts of things inside.
And while most of these items I threw away,
One book I found I laid aside.
The pages are fringed with a yellowish streak
('Tis really a slightly golden tinge)
And the binding gives an eerie creak,
But this is the sound of a magic hinge.
 I whisk away the dust to find
 Countless dreams I had left behind.

Slowly I recall forgotten places;
Crystalline memories are within my reach.
As I gaze upon those youthful faces
I wonder what's become of each.
Is he alive? Does she still strive
To complete whatever she starts?
And in my dreams can I revive
Those buried moments and long-lost hearts?
 And when in the Shadow of Death I stand—
 Will those friends be there to grasp my hand?

To see again the teachers who
Lighted our way through Life's dark paths.
'Tis selfish to live our whole lives through—
Only their virtues to recall on epitaphs.
To watch again the games with other schools;
For, whether we won or whether we lost,
We're proud that we abided by the rules
And played our best at any cost.
 O, to relive all this pleasure
 Preserved within this precious treasure.

Now silently I lay this Cauldron to the side,
Once more to gather dust upon its cover;
Once more within this heavy chest to hide,
Until some future generation may discover
This ancient book, its peculiar look.
"What strange things it holds within!
I wonder why we've kept this book."
For in that volume they can't begin
 Ever to find, Ever to see
 The treasure that had died with me.

—ANTHONY NEVILLE
