

State Guard Unit

**State Guard Unit
Has Holiday
Drill Schedule**

DEC 18 1943

Close-order drill was held by Company "C," Pennsylvania State Guard, at Floyd Simons Armory last evening, under Lt. C. E. Missmer. Drill for the next two weeks will be held Tuesday, instead of Friday, because of the holidays.

All indications point to a full-enlisted strength being mustered-in by the middle of January, Lt. Missmer announced last evening. Two enlistments were approved this week.

Demonstrations on the Thompson and the Reising sub-machine guns will be given at the Armory firing range next Tuesday with live ammunition.

Men desiring to enlist should do so within the next week, as after the full quota of 73 men is filled, men desiring to join up will have to be put on the waiting list.
