Mildred

## Bangor Mother Under Arms As Steel Plant Guard; Son Veteran In Pacific Area

**WALLACE FRITZ**

**MILDRED FRITZ**

Release yesterday of photographs by the Bethlehem Steel Company is of great interest to the friends of Mildred R. Fritz, of Bangor, who is pictured as one of the twelve women guards who have now been placed on duty at the plant. Mildred Fritz is a typical American mother and as she goes under arms as a guard at the Steel Plant

her son, Pharmacist's mate, Wallace Fritz, is somewhere in the Pacific theatre of action. He is known to have been on the Solomons and at Guadalcanal and is now believed to be in Australia on leave. Pharmacist's Mate Fritz is married to the former Elaine Wheeler, of Bangor, and is the father of a daughter who awaits the return of her daddy. The Steel Company guard is former Eastern Vice-President of the Department of Pennsylvania Legion Auxiliary. She has qualified as an expert marksman.
