

Close Packer, and close 3rd and 4th to thru-truck traffic

The Bethlehem Gadfly Lehigh University, Southside January 28, 2020

Bill Gontram is a Philly transplant happy to find a nice quality of life on the Southside.

Gadfly:

Has anyone noticed the increase in truck traffic specifically on 3rd and 4th Streets? And especially tractor trailers bearing the FedEx logo? FedEx drivers use the corridors as a cut-through from/to I-78 to/from Route 378. Other truckers probably do it too depending on what their GPS might be saying at any given time. If Packer Ave is taken away as an east-west route, then big tucks, excepting through traffic on 378 (perhaps), should be restricted to local deliveries only.
