

Update on the meeting time conundrum

The Bethlehem Gadfly City government, Serious Issues July 15, 2019

(The latest in a series of posts on City government)

Executive Director Tony Hanna reports that the Bethlehem Redevelopment Authority will change its meeting time from 3PM to 5PM for 2020.

Good work!

Gadfly has been slow to see another benefit of the Mayor suggesting — along with later start-times — live-streaming and archiving such meetings (while there has been some hesitation about changing meetings times, the committee meetings Gadfly attended registered no problems with this).

Gadfly has strongly urged scrutiny of performance when committee members are up for reappointment. The video records can be used as evidence of performance. Council members can now access concrete documentation of performance.

Good work!
