

King, Robert D.

Sailor 'Phones Parents On Arrival in U. S.

Mr. and Mrs. Charles King 1937 Brookside Dr., were pleasantly surprised Sunday when they received a telephone call from their son, Robert D. King, seaman first class, from San Francisco. The Kings had not heard from their son in several weeks and believed him to still be in Japan. Robert stated that his ship is receiving repairs and he will be given a leave before reassignment.

The young sailor has been in service two years, 18 months of which he spent in the South Pacific. He was employed by Mohican Market before entering the Navy and attended Bethlehem Technical High School.
