Message from the Superintendent

There seems to be no limit to the ability of the human mind to forget. Of school and college days, those things of pleasant and happy recollection are for the most part, not contained in text books and reference books.

Memories that bless and burn are evoked only by books such as this volume is. Containing as this book does, those intangible things of the spirit that made a school and school life worth while, it will ever become in future days more precious to the possessor.

A most enviable record has the Class of 1928 of Liberty High School made during a period of four years; and this enviable record has been set forth in an illuminating way in this volume.

The past has been bright. May the future of the Class of 1928 be glorious.

A handwritten signature in dark ink, reading "J. H. Weiss". The signature is written in a cursive style with a long, sweeping underline that extends to the right.

Message from the Principal

I am happy to congratulate those whose names appear in the CAULDRON this year.

My relation with the individual members of this class during the past four years bring happy memories.

*"Once in a while there's a perfect day
With the sun and the songs of the birds in May;
Once in a while there's a dream come true,
For once in a while there are friends like you."*

THE SENIOR CLASS

Class Poem

The halls stand silent and stately,
The desks are dusty and bare,
The blackboards are hung with cobwebs,
And all things show lack of care.
The noise and chatter and laughter
That travel with careless youth
Are missing,—and only the School
Stands here as a silent proof
That once it held youth and gladness,
And buzzed with the busy hum
Of teachers' and pupils' voices,
And of lessons being done.

A sentinel proud and haughty,
A monarch mighty in rule
It stands—an eternal emblem—
Our Alma Mater, our School!
Just now it's idle and vacant,
The pupils are far away;
But ere the sun runs many rounds
You'll see the opening day.
For School will go on forever
And all that's lacking (of late),
Is the friendliness and loyalty
Of the Class of *Twenty-eight!*

History of the Senior Class

The beginning of the Sophomore year marked the time when the future members of the Class of '28 became acquainted with one another. The pupils of Liberty Junior High, South Side Junior High, and Nitschmann Junior High, were united in the Sophomore Class. How lucky to have been a member of the Sophomore Class of 1925-1926! For now we can boast of the fact that we are members of the noble Class of '28.

A few weeks after school opened, we were afforded our first opportunity to organize a true high school class. At our class election the following officers were chosen: President, Edward Cunningham; vice-president, John Howard; secretary, Nettie Brown; treasurer, Donald Beaver. Later in the year our president resigned and George Sellers was elected in his place. George has ably led our class since that time.

Our first class party was held in April. Although the majority of us boasted that we were members of the Senior High School, we showed that we were "bashful children" when we were given the chance to mingle with one another at a social function. When the evening was practically over, we became less diffident, and made more of an effort to meet each other. By eleven-thirty we were united in true class spirit.

Our Junior year initiated us to the coveted place of upper classmen. We were then able to take up our abode upon the same level as the Seniors in point of location, though the Seniors still surpassed us in intelligence and general superiority.

At our class organization we elected George Sellers, president; Lester Will, vice-president; Ethel Dutt, secretary; George Hottel, treasurer.

We held the distinction of being the first Junior Class to present class plays. Three one-act plays were presented by the dramatic talent of the class. The proceeds from these plays helped to increase our bank account considerably.

We enjoyed our first and only social affair during the last week of school. This was the Junior-Senior reception. The gymnasium was attractively decorated with streamers of every color of the rainbow. This riot of color was accentuated by the gay colors of the girls' evening gowns. We spent the entire evening in dancing, and, when the strains of "Home Sweet Home" came softly to our ears, we left the scene of our evening's enjoyment with reluctance.

Our Senior year marked the last lap of our high school career. September saw the insignificant Sophomores of two years ago enter the portals of Liberty High as distinguished Seniors.

Class elections followed close upon the opening of school, and we rewarded three of the faithful officers of our Junior year by re-electing them to their former offices. The result was: President, George Sellers; vice-president, John Heske; secretary, Ethel Dutt; treasurer, George Hottle.

We included among our main events of the Senior year, our class play, "Clarence," which was a fine success; the Junior-Senior reception, that added to our happy memories; the Alumni reception, and most important of all, Commencement.

Thus we close the book of our high school career. Every Senior who has received a diploma departs from Liberty High School with a feeling of sorrow, for we have come to appreciate that our "school days are our happiest and our dearest". As a class we have been separated, but in spirit we shall always be proud members of the Class of '28.

ELEANOR MUMBAUER

MILDRED ACHEY

"Toots"

317 W. North St.

Mildred believes that "a friend in need is a friend indeed," and she certainly follows this motto to a "T." "Toots" is very humorous and is quite the right person to have about, especially when the report cards are to be distributed. This year she is concluding her course in commercial work at school, so that she will be prepared for what the world has to offer. We wish Mildred much success in the future.

ELISE M. AMMERMAN

"Elise"

710 Seventh Ave.

Behold, one of the best-natured girls of Liberty High! Every one loves her. In fact, her sunny disposition and the charm of her golden curls have captivated the hearts of innumerable young Romeos. Oh, no! Bethlehem will not lose Elise after graduation, for she expects to attend Moravian Seminary and College for Women, where she will win her fellow-classmates.

Scientific Course.

FLORENCE BEATRICE ANDREW

"Flo"

1107 Newton Ave.

"Never trouble trouble till trouble troubles you."

That must be Florence's idea, for she appears to have no troubles whatever. She is very obliging; always willing to help some one who has not followed her motto. We all like her very much, for she is always cheerful and smiling. Florence seems to have some friends with whom we are not acquainted, but that is a secret, so we will probably always be in the dark concerning them.

MARJORIE ANGLE "May"
826 Wood St.

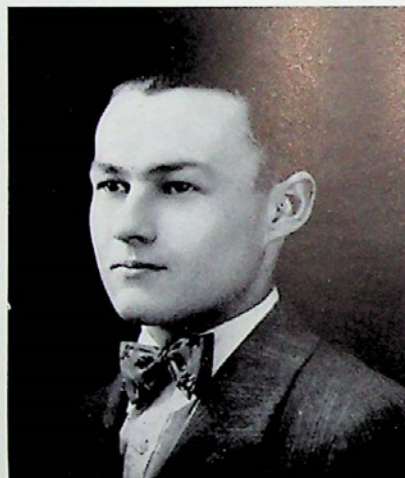

This petite girl is rather quiet and tries to be bigger (in height), for she wears very high-heeled shoes. Her best chum is just the opposite of her type. You know Marjorie for her quietness and primness and Arlene, her chum, for her happy-go-lucky air and her constant laughter. Strange combination, isn't it? Marjorie is taking the commercial course, and intends to enter the business world! Here's luck to you, Marjorie.

ALLEN ARCHIBALD AUER "Al"
325 Prospect Ave.

"Al" does not shun hard work, as his scholastic records prove. As the worthy president of the Boys' Industrial Club, you will find few executives who perform their duties better. "Al" aspires to become a structural steel engineer.

SYLVIA BAKER "Sylvie"
722 Broadway

"Who is that well-dressed girl going there?"
"Don't you know? Why, that's Sylvia Baker."

Sylvia is always dressed so neatly and charmingly that she looks as though she has just stepped out of a fashion book. But please don't get the idea that Sylvia's only merit is being well dressed. She is very studious and always has good marks in all her subjects. "Sylvie" is very quiet, but she is a wonderful friend for any one to have. Sylvia, we wish you good luck.

OLGA BALSON

"Olga"

734 North New St.

Olga is a quiet, sweet girl who believes that the only way to have a friend is to be one. Any time you need a helping hand, Olga is only too willing to help lessen the burden. She has won the friendship of the boys and girls through her honesty and charming manner. Olga has chosen as her profession the large field of commercial work. We're sure she will be a success in whatever she undertakes.

"Indian"

412 East Norton St.

Look him over carefully, folks—a rare specimen; they broke the mould when they made him. "Indian" is the nearest, physically, to America's earliest inhabitant, that we have. He is very active, and always "on deck." John is a wrestler, dangerous to any man of his class, and is always ready to prove it.

Kenneth's a happy-go-lucky fellow, generally, but seems to take his clarinet seriously. Those of us who have been fortunate enough to know him, find him a good comrade. We don't know much about his plans for the future, but we are sure that he will make good in anything he tries (if he takes it as seriously as he does his clarinet).

Everybody knows George. If they don't, they are missing something. He is the "real small" boy of the industrial course. His sunny disposition helps him everywhere. He has the goods and believe us or not, he knows how to deliver them. Go get 'em, "Baumie," we're with you.

THELMA A. BEALER

"Thelma"

It has been said that "empty kettles ring loudest." Thelma is a very quiet girl. You may draw your own conclusions as to the application of the above statement. Thelma is one of these rare characters who makes friends and holds them. Her personality is a delightful mixture of cheerfulness and quiet. She will make an ideal secretary for some business man.

DONALD P. BEAVER

"Beaver"

That noise at the other end of the hall is "Beaver" laughing. However, he doesn't always laugh. You can always find "Beaver's" name on the honor roll. The class expressed its confidence in him by electing him treasurer in his sophomore year. The Dramatics Club and the *Libertas* have noted his value. "Beaver" hopes to be a chemist. He will enter Lehigh in order to fulfill his hopes.

Marion is sweet and mild, and loved by every one in general. She expects to be a music teacher. How fortunate for those who become her music pupils. Music and Marion go well together. Both have beauty, grace, sweetness—but perhaps we had better stop—we don't want to make Marion blush. We all know you will succeed in your chosen line, Marion, with that delicate touch and sweet personality.

816 North New St.

Well, well, Elmer, what's the barrier between you and third year German? Too much interest in the fair sex, eh, what? We suppose that sheiks have little time for studying. In spite of this, we all have seen Elmer in the band, and know, that without him it could not flourish.

This was Catherine's first year at Liberty High School. Maybe that's why she was always so quiet and well behaved. She has won much renown in the Dramatics Club plays as the maid. She doesn't know what she wants to do after finishing school, but as she is such a likeable girl, we know she'll succeed in her final vocation.

FRANCES BERUKSTIS

"Fran"

614 Carlton Ave.

When Frances left Sellersville High we know that there were many heavy hearts left behind. We are sorry that Sellersville had to lose such a wonderful girl, but Frances came to Liberty and that made us happy. Frances loves to dance. Dancing isn't the only thing that Frances is skilled in. She always gets good marks in everything. Frances' slogan is, "Smile and make others happy," and she lives up to this motto constantly.

"True courage is like a kite; a contrary wind raises it higher."

We find "Gyp" is a rather small order, but we know that her heart is twice the normal size. She's usually smiling. You're her friend right away. If "Gyp" goes in training as a nurse in Philadelphia, we just know she'll make every one recover. She's just the type. She has a personality that we should all want. She's a good sport, unselfish, and a true friend.

ALICE BRADER "Al"

Have you seen a short, pleasant-faced girl at the boys' dessert counter in the cafeteria the first, and occasionally, the second period at lunch hour? If you have, you know it is Alice Brader. She always has a pleasant word and a smile for every one, and is the same Alice day in and day out. This classmate isn't sure what she wants to do in life, but we know she will succeed, and we wish her the best of luck.

"Jack" loves to argue—and can do it intelligently. But! It takes more than arguing to show the teacher that you know "your stuff." "Jack" has a desire to conquer the invincible—perhaps, that's why he took third year German! Seriously speaking, "Jack" is a fine fellow. Emily came to our school from Freemansburg. She is endeavoring to master the subjects included in the commercial course and is a "whiz" at history. Emily is very friendly and has a host of friends. She is interested in swimming. Many girls envy her rosy complexion. It has been said that "Beauty is only skin deep," but it is not true in this case. We wish Emily good fortune and success.

"Dot," whatever you undertake, you have our best wishes.

Last Will and Testament of Class of '28

We, the exalted class of nineteen hundred and twenty-eight, having at last arrived at the highest degree of intelligence, are about to leave forever, these beloved halls of learning. After long and deep concentration, discovering ourselves to be of sound intellect and reason, we hereby declare and make public, this, our last will and testament, declaring void all former documents of like import.

We, the Senior Class, bequeath to the Junior Class, our immediate successors, the great and time-honored privilege of settling their weary bones into the most comfortable seats in chapel, those in the middle section.

Another of our honored privileges which we relinquish to the present Junior Class is that of being entertained by the future Junior Class, at present known to the world as Sophomores.

We shall now proceed to those special bequests left by members of the Senior Class to members of the Junior Class.

George Sellers bestows upon Leo Talbot, his well-known and oft-tried executive ability.

After much argumentation, we finally persuaded George to give up his faithful curling-iron to "Jimmy" Hay, but with the stipulation that "Jimmy" make use of it.

Louise Snyder, the midget of the Senior Class, bestows several inches of her height upon May Jones.

John Heske bestows upon Howard Wiegner that important, man-of-affairs air, which we have come to know so well.

Prophecy of Class of '28

In the year of our Lord, one thousand nine hundred and forty-eight, the world-famous aviator, John Barber, his mechanic, Harold Leamon, and radio operator, Bruce Young, started on their 'round the world flight in their Hessian plane, the "Merry L."

Early on the morning of June the first, after having received news of favorable weather conditions from Rudolf Hertzog, the meteorologist, the plane was taken from the hangar and final adjustments made. The friend of the pilot, Josephine Urschitz; the mechanic's friend, Lillian Faatz, and Mildred Achey were present at the take-off.

A large crowd had gathered to see the start of the flight. Foremost among the spectators were reporters from the Bethlehem *Globe-Times*, Samuel Black, Jack Brander (accompanied by his secretary, Rosa Palm) and Charles Rosenberg.

State policemen, Benton Witemeyer, Samuel Goodman, and Milton Young, captained by Joseph Maurer, kept the mob from the runway. Nearby was the ambulance from Doctor Heske's Hospital, driven by Henry Simone, who was accompanied by a nurse, Ethel Alice Small.

The pilot stepped on the self-starter recently patented by its famous inventor, Stewart Shimer, and the Diesel engine caught with a roar. As the last goodbyes were being said, the pawnbroker, Abie Goldberg, busied past the policemen, dashing to the aeroplanes, reminded the radio operator of a payment due on a compass. George Sellers, President of the L. A. A., caught the intruder in the nick of time, as the plane had already started on its epochal flight.

As the plane flew over a neighboring farm, Martin Kern and his housekeepers, Ruth Williams and Mae Brown, who were working in the field, waved a final farewell. As the plane soared upward over the intervening land, three aeroplanes piloted by Miriam Kelly, famous aviatrix; Donald Clarke, and Fred Rights, rose also to escort the "Merry L." to the first ocean landing buoy. The aeroplanes directed their course toward the Atlantic Coast and were soon lost from sight in the morning mist.

The first report received on board was from Richard Clarke of the Coast Guard Station, who stated that favorable weather conditions prevailed over the Atlantic. In a little less than an hour the "Merry L." reached the buoy in midocean and the escort planes returned. There, after a perfect landing, they received a hilarious ovation from the passengers on a liner which had just docked. The captain, Howard Goodman, and the first mate, Kenneth Barthold, were among the notables to greet them. They were escorted to the salon by the captain where they recognized Lillian Caretta, divorcee; Nettie Brown, representative of Huthmakers Reducing Tablets; Sara Derhamer, of the Ziegfeld Follies; Anna Riegel, representative of Bohning's Beauty Cream; Alexander Karpelainea, of the Bolshevik Regime, Post, No. 13; Joseph Napravanik, manager of the Napravanik Iceberg Corp.; Ernest Walker, scoutmaster of the Sahara Desert Dromedaries; Russell Grube, champion typist of Northampton Heights; William Dornblasser, representing Uhl's Brewery on a "Bigger Beer and Better Pretzel Campaign," and Stephen Chipser, of "Chipso Corn Flake Corp." After having a few words with all these prominent people they retired to their staterooms for a rest.

In the evening Mme. Louisa Ernstskey of Vladavastock, Russia, entertained the guests of the S. S. Bunker. The aviators again came in contact with the prominent people heretofore named and after an enjoyable evening they retired so they might be prepared for an early start the next morning.

The next morning the plane was refueled by Robert Kennedy, the famous "oil king." At 6.56½, Michler's Observatory Time, they departed, not to land again until they arrived at Dotterer's Airport, London, England. After making a successful landing in London they were greeted by King George and his attendants, amongst whom were Robert Farabough, court jester; Francis Klotz, chambermaid, and George Frantz, Lord Chancellor. The aviators were then escorted in the royal coach, driven by Harold Heimbrook, who was keeper of H. R. H. horses and wagons. Taking them through the slums they saw Rabbis Nathaniel Glazier and Nathan Miller standing in front of a large synagogue, preaching. Sylvia Baker and Marion Spear were selling church calendars at ten shekels a piece. Shortly the strains of the famous overture, "Yield Not to Temptation," drifted to their ears. Upon approaching the corner they discovered the Salvation Army of London Branch, No. 286342, and, oh—Ethel Dutt screeching in "E" minor; Edward Miller blowing in "A" major and Elizabeth Hochella conspicuously passing the tambourine.

Finally they arrived at the Estate of the Lord and Lady Mountbatten, who were none other than Ernestine Mohr and Earl Cooper. The two were standing on the balcony of the castle waving as the coach passed over the moat. Descending from the carriage the aviators, attended by a royal escort, entered the great hall and were greeted by the Lord

and Lady who informed them they were in time for breakfast. Since breakfast was to be served to the guests who had been assembled for the fox hunt which was to be the feature of the day. Among the guests were Counts De Check and Werst, Czarina Balson, Senorita De Meglio, Baroness Von Shultz, Marquise Lacaff, the famous French artist; Duchess Rodfong and Eleanor Mumbauer, noted society journalist. After breakfast they bade the guests adieu and were hurried to the landing field on Hottle's Gyroscope one-rail lines. They hastily prepared for their next destination—Paris, France.

Arriving in Paris they made a safe landing at Stoneback's Airport. Jack Freefield in his large Igotta Truk, twelve cylinder hypo-launching motor car, took them to the American Consulate, where they were greeted by Charles Serfass, the ambassador to France, and French officials, among whom were Lester Fenner, Russell Reed, and Herbert Wiend, Field Marshals of the French Army. During the course of the day they toured about Paris and observed many interesting sights, among which were the shoppe of Mme. Lucia Erwin, the modiste; M. Robert Glassmire's famous art studio; the salon of M. Andrew, Chronanczak falling hair and dandruff specialists; Warren Groff, dealer in French liquors, and lastly, Edward Horn, dealer in jews harps, mouth organs and accordions.

In the evening they attended "La Opera De Paris" under the management of Roger De Fluck. It was the opening night and gazing about the audience they noticed Kenneth Warner, Raymond Fritchman, and Samuel Englehart. The orchestra was under the direction of David Winkler, famous mouth organist. Dimmick's Follies were the feature of the evening. The curtain went up. Wheeeee! Emily Brauchle, in all her glory, and the follies girls appeared from both wings of the stage. Some of the girls recognized by the aviators were Elise Ammerman, Marjory Angle, Catherine Bergstresser, Emily Horn, Verna Crouthamel, Ethel Hildenberger, Edna Genrich, and Rebecca Helms. Next appeared Lewis Kleppinger in "O Little Town of Bath," a tragedy in one act by Elsie Felker. Following this Arlene Earich's All-American Quartet, consisting of Blanche Yaszenska, Goldie Zackos, Marietta Gillespie, and Cecelia Tabachnik. The aviators after enduring this, decided that their strength had been failing them, so they left the theatre and using the quick service of the William Brown Suspension Bus Co., they arrived at the J. H. Wenner Apartments on the Rue de Parx, where they spent the night.

They arose early the next morning, making Berlin as their next goal to attend the coronation of Crown Prince (formerly Baron) Von Fritzingen. They made a successful landing in Berlin, where they were immediately escorted to the Reichstag. As the royal party passed by with the Crown Prince leading, heir to the Hohenzollern and Hapsburg Dynasties, they noticed secondly the Countess of Kochsville, Muriel Koch, who according to rumors was engaged to the Crown Prince to unite the two countries. Following her were Field Marshal Von Harvey, Baronesses Trumbauer, Von Stueben, Houch, and Warnke, the Grand Duchess of Warsaw, Claire Kichline, also seeking the hand of the Crown Prince, the Grand Duke of Prussia, John Magyar. After the coronation the aviators were royally treated and received a dinner served by Ruth Heimbrook, cateress to H. R. H. Bidding the Crown Prince a final farewell the aviators left for Italy, the land of gaiety.

In the afternoon they found themselves in Rome in response to the invitation of the dictator. Landing near the Vatican they had an opportunity of visiting the Pope, through his secretary, Edwin McKay. After a few words with the Pope they viewed Narzisi's works of art. In a studio they met Paul Korin putting the finishing touches on the portrait of William Margyas, leader of Italian labor unions. They viewed his famous painting of the Italian Senate, including Daniel Sylvester, Mercer Hazen, William Lerchenmiller, and Llewellyn Musser. They made a short visit to the ruins which had been restored by Craig Roberts. They saw some famous archaeologists viewing the ruins, among whom were Frances Berukstis, Anna Resetco, and Georgia Youngkin. Since their time was limited, they left the ruins immediately and were back to the landing field bound for Calcutta, India. Making a safe landing they were surprised at seeing The Imperial Potentate Bushwa III, formerly Kenneth Kuklantz. The aviators were given an elephant to ride to his palace. While going to the palace they noticed the Waka Waka Tribe performing a sacred ceremonial. Libert Chandler was doing the snake dance, while David Weiss was beating the gourds and Elmer Bender was playing the gaudelope. They also observed Clara Smale and Virginia Gaskill washing their clothes in the Ganges River. They soon entered the temple of the Rajah, ruler of India, and who should it be but Graham Reynolds. At his feet women were reclining, amongst whom were Janie Dries, Olive Evans, Mary Gaffney, and Leanore Gilbert. After a cordial greeting they left the temple and were escorted to the field in all the pomp of a potentate.

Their next goal was China via Russia. While flying along the Volga River they were forced down on account of engine trouble. As they were repairing the plane they heard the familiar masterpiece, "The Volga Boatman," and about five hundred feet away from them they noticed tired men under the sting of the whip of Alex Kalman, a huge canal

boat, singing the song of freedom as they plodded along. Those whom they recognized were George Baun, Leonard Finkle, Henries Wader and Robar. Frederic Vrana, a plowman nearby, offered his aid which was invaluable. They were soon able to resume their journey to Peking, China. The Emperor of China and his royal attendants, Thelma Bealer, Florence Andrews, Hilda Dornblatt, and Mary Ellen Evans, escorted them to a public hanging, where they observed three ropes encircling the necks of Esther Brewer, Virginia Koehler, and Gladys Nauman for violation of the Harlan Moser Act. Henry Wilt was beating the death gong deafeningly. After enjoying the ceremony they hired a jinrikisha, drawn by Lewis Bock, to visit Frederick Gehr's Hangout for Refugees. There were many refugees, among whom were recognized Edward Steers, Lester Will, Belle Thomas, Allen Auer, Mary Shafer, and Clark Ellicott. They then went to visit the Americo-China High School, where they were taken through the school and met the faculty who were practically all known to them: Pearl Kichline, principal; Beatrice Munsch, gym teacher; Alice Brader, instructress of biology; Carrie Clauser, instructress of Greek; Gladys Clouse, instructress of history, and Margaret Coyle, instructress of English. Chatting with the entire faculty and bidding them a hurried addios they were bound to the country of beauty—America.

Arriving at the Golden Gate, after conquering the Pacific, they saw Hunter open the gates. Landing in California near the University of California Stadium they were just in time for a football game. Hurrying to the field and securing seats they were amazed to find that most of the boys were graduates of Liberty, who were Austin McCarthy, James Quigg, Ralph Shields, Charles Shamenk, Erwin Yosko, William Reese, Charles Huber, and last, but not least, the famous football player from Edgeboro, Kenneth Bruch. There were lively girl cheerleaders who were Florence Hanson, Anna Kichline, and Evelyn Krier. After the game they came in contact with prominent people of San Francisco, Mesdames Esther Fox, head of the S. P. C. A.; Mildred Davis, Near East Relief; Caroline Foust, transcriber of Foust's "Mephastopholes"; Beatrice Frankenfield, directress of the Children's Home; Anna Gehman, famous trombone player, and Emma Geritz, promoter of the sale of Christmas seals. After chatting with these supposedly prominent people they set out for Hollywood, the home of American films. The Mayor of Hollywood, Agnes Shields, introduced them to famous stars, but they knew most of them, including Rita Groman, Betty Galt, Mary Korin, Helen Romig, Marion Bechtold, and Hazel Mitchell; also famous scenario writers, Lauretta Heller, Alice Litsch, Ruth Uberoth, and Alice Trumbore. They then were taken to the famous Donald Beaver Studios, where they were filming the story, "Flaming Love," with Helen Saxon, John Degnan, Donald Diehl, Louise Snyder, and Forrest Collier. The cameramen were John McCarthy and Richard Moffitt. Mary Hart, retired actress, invited the aviators to dinner and put her car at the disposal of the aviators whenever they might wish to return to the landing field. After dinner some of Mary Hart's friends dropped in to see her and lo and behold, none other than Grace Rinker and Helen Tuu. After having a jolly time with the girls they were escorted to the field in Mary Hart's Mack roadster.

Chicago was their next destination to view the Chicago Art Exhibition. Marie Weaver was in charge of the exhibition and showed the works of Muldowney, McClenaghan, Marsteller, Hannon, and Graver, all girl artists of known fame. A short visit was made, during the course of the day, to Robert Reynolds, Ltd., a gigantic department store. Entering the building they saw Elizabeth Zart at the crockery department; Loretta Rielly, Evelyn Young, and Kathryn Wilvert, models; Mary Williams and Elaine Lindsay selling African furs; Irene Foulsham and Marie Brader in charge of the crockery department; Mildred King and Beatrice Harrington, who were in charge of the lingerie departments; Martha Stirk running the elevator; Gertrude Stehly washing the floors, and Isabelle Pritz decorating the counters. Hilda Shafer and Mary Robinson, two wealthy and prominent people, chatted with the aviators for a long time in the store. Reba Senecal was purchasing a new fur coat to wear in order to look neat when hanging her wash out.

Having seen the famous department store the aviators realized they had been delayed by all these women, so they immediately set out for Beth Allen, the home of Bruch's pretzels.

Within a short time the conquerors of the air arrived in one of the world's leading industrial centers of steel, silk, and education. They were wildly cheered by the people of Beth Allen. The mayor "outdid" himself in a speech of welcome and then—wake up, children, the show's over. Don't say you believed it all?

Memories of "Liberty"

In future, memories will stray
To us, along life's weary way,
Endearing thoughts of "Liberty"
And of the days that "used to be."

The days when we traversed those halls
Through sunshine, and through hard snow falls
With heavy books we trudged along,
Quite free from worry, filled with song.

Of course, we had our hard days, too,
When there was so much work to do,
And when examinations came
We felt like "giving up the game."

But even in those trying days,
Joy flooded us in many ways,
The fun in all those "party schemes,"
The pride in our athletic teams.

Our hearts were filled with bubbling youth,
Real sorrow we'd not met, in truth,
'Twas fun and work, then work and fun,
Until the high school term was done.

In future, memories will stray
To us, along life's weary way;
Endearing thoughts of "Liberty,"
And of the days that "used to be."

THE JUNIOR CLASS

History of the Junior Class

At last we are Juniors—almost Seniors. It is hard to realize that we are only one year away from graduation.

We got our class organized at a meeting last fall when we elected the officers for this year: William Pulley, president; Floyd Heller, vice-president; Rhea Wheatley, secretary; Theodore Bachman, treasurer.

At a later meeting we decided upon \$1.50 as the dues for this year. Our class rings and pins arrived very promptly some time before Christmas and were wholly satisfactory.

Our class has not lacked representatives in the various school activities. In athletics we have Theodore Bachman, William Pulley, Donald Schlotter; in the musical organizations there are Richard Sigley, Floyd Heller, Leo Talbot. Then, of course, there are the girls. Rhea Wheatley, Helen Razler, and Verna Chester can be found in various kinds of athletics, and Ruth Moyer and Marleah Berreth are important Junior members of the Glee Club. This year for the first time we have a dramatics club all our own.

Just at present, plans are being made for the Junior-Senior reception which we hope will be better this year than it has ever been before.

THE SOPHOMORE CLASS

Sophomore Class History

Here we are! Members of the class of 1930. We have one of the largest Sophomore classes ever known in the history of Liberty High School.

At an important class meeting held on September 20th, the following officers were elected:

<i>President</i>	PHILIP HINES
<i>Vice-President</i>	JACK THORN
<i>Secretary</i>	JAMES CRESSMAN
<i>Treasurer</i>	JOHN WILLIAMS

The Sophomore Class has many of the activities of the school represented by students of the class. The boys are active in many sports such as football, basketball, baseball, and tennis; the girls in basketball, hockey, and tennis.

We must not forget the musical activities which have made our school famous. The orchestra and band could not have been as successful as they have been had it not been for us Sophomores. Sophomores also take an active part in the glee clubs.

All these have brought the Sophomore Class to some distinction among the higher classes. Our aim is a bigger and better Senior Class in 1930.

JAMES R. CRESSMAN.

The Art Club

The officers of the Art Club for the past year were: President, Robert Glassmire; vice-president, Mary Hart; secretary, Lucy Erwin.

The Art Club, which was organized in 1924, has been a great asset to Liberty High School. It is composed of talented and ambitious art students, who, upon entering the club, have satisfactorily passed an examination given to them by the art teacher. Under the supervision of Miss Keinard, the club has been carefully instructed in the following media: Pencil, pen, crayon, charcoal, and oil. Exhibitions displaying the efforts of the members are given in the library and in the art room.

The Art Club has been of great service to the various High School Departments. It designs posters, decorates programs, and illustrates the *Libertas* and *CAULDRON*. This type of work is excellent training for the members and is especially beneficial to those who wish to continue studying art in art schools.

The Art Club makes every effort to educate itself. Certain periods during the year are devoted to the study of celebrated modern and ancient artists. In addition to this, the members have the opportunity of attending remarkable art exhibits at Lehigh University. Mr. Gelharr, a prominent artist of this city, extended an invitation to the club to be present at this exhibition at the Hotel Bethlehem. The Art Club gratefully took advantage of his kindness.

Senior Dramatic Club

Try-outs for the Senior Dramatic Club were announced early in the year by Miss Crow and were well-attended. Soon after the results were posted, a meeting was held, at which the following officers were elected: President, George Sellers; vice-president, Frederick Gehr; secretary, Sara Derhamer; treasurer, Donald Beaver.

It was decided to meet twice a month and to devote every other meeting to a short playlet, given and directed by members of the club. The intervening meeting was given over to programs arranged by a program committee appointed by the president. A hike was taken early in the fall at which the new members were initiated. About Christmas time three one-act plays were given, in collaboration with the Junior Dramatic Club. Soon after this, try-outs were held for the Senior play, the event of the year, which was given, successfully, early in the spring. The members of the club are:

Junior Dramatic Club

The Dramatic Club is the literary organization of the Junior Class. The members of this club are selected according to the ability they show in reading a portion of drama selected by the director of the club.

Miss Achenbach was the faculty director of the club this year. With her advice the club has been able to make a success of its first year as an independent organization.

Assisted by the able coaching of the director, the club presented two plays, "Dolls" and "The Family Upstairs." Certain members of the club aided in the production of a third play, that being, "Jazz and Minuet."

Several social events were held during the course of the year including a hike and a party.

The officers for the first half of the year were: President, Leo Talbot; vice-president, Eleanor Mitchell; secretary, Martin Reed; treasurer, Blanche Kichline. Those for the second half were: President, Leo Talbot; vice-president, Rhea Wheatley; secretary, Floydene Lewis; treasurer, Blanche Kichline. The personnel of the club is as follows:

The German Club

In the latter part of September the German Club was reorganized and the first meeting was conducted by Joseph Maurer, the vice-president of last year. An election was held which resulted in the following: Jack Brandner, president; John Magyar, vice-president; George Hottle, secretary-treasurer.

There are about sixty students in German belonging to the club. The meetings are held on the second Thursday of each month and are greatly enjoyed by all the members of the "Verein."

This year a constitution was drawn up by a committee consisting of Lucy Erwin, Erma Leidich, and the three officers and presented to the club for its approval. It was accepted and now stands as the guide for all future activities.

The club is very grateful to Miss Hess and to Miss Radley for the assistance they gave in making the meetings beneficial.

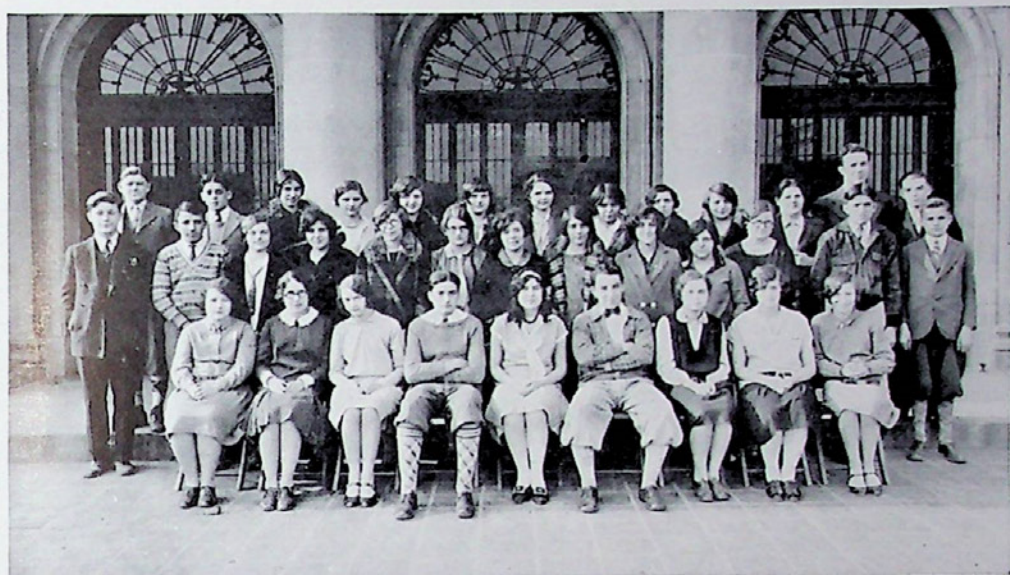

Le Cercle Francais

Le Cercle Francais began its second year in September, 1927. All second-year students with an average of C or better, in French, and all third-year students were eligible. At the first meeting these officers were elected: President, Elsie Felker; vice-president, Roberta Hall; secretary, Mary-Louise Rodfong; treasurer, Jean Farquhar.

Miss Besanson and Mr. Bennett, the French instructors, acted as advisers. Meetings were held on the second Wednesday of every month. The object of the club was for the members to become more conversant in the language, to obtain a more liberal knowledge of the country, and to enjoy topics of general interest. Topics and discussions in English and in French were given at the meetings, games played, and songs sung. At one meeting, Mr. Corbiere spoke.

The members and their friends enjoyed two picnics during the year. A play called "L'Ecole des Belles-Nieres" is in preparation and probably will be presented to the entire student body. The personnel of the club follows:

Lois Cunningham	Beatrice Munsch	Vyona Metzger
Russel Cissel	Virginia Gaskill	Mary-Louise Rodfong
Elsie Felker	Dena Scoblionko	Beatrice Schultz
Roberta Hall	Reba Senecal	Janet Small

The Spanish Club

The Spanish Club was organized this year under the supervision of Miss Clark with a membership much larger than that of last year. The following presided as officers: President, Ivor Sims; vice-president, Carmen Gonzalez; secretary, Richard Hess; treasurer, Arthur Anwyl.

The forms of entertainment and activities consisted of playlets, dances, games, songs, and instrumental solos. At the midyears the club held a Christmas party at which the members received gifts in a Mexican fashion from a "pinata," which is similar to a grab bag. Spanish dulces were served among the refreshments. Among the discourses heard by the club were talks given by Miss Vill and Mr. Gonzalez. Miss Vill, a resident of Mexico, spoke of the customs of the Mexicans and gave a vivid description of Mexico itself. Mr. Gonzalez, a native of Spain, now residing in Bethlehem, told of the fashions and practices of Spain. The club is composed of the following members:

GIRLS' GLEE CLUB

BOYS' GLEE CLUB

1928

Boys' and Girls' Glee Clubs

The Boys' and Girls' Glee Clubs were the first school activities to be organized, under the direction of Miss McKee. These clubs were formed from those who were not eliminated in the "try-outs."

On several occasions the Glee Clubs rendered programs in chapel, much to their credit and hard efforts.

Besides "work," the Glee Clubs know the meaning of the word "play." The combined Glee Clubs had a Hallowe'en party in the school "gym." Every one became acquainted and had a fine time. Then at Christmas time, the Girls' Glee Club had a "kids'" party. This was a great success with "kids'" costumes, a Christmas tree, gifts, and a Santa Claus.

Early in the year election of officers were held by the members of the Glee Clubs of last year, with these results: Girls' Glee Club—Elsie Felker, president; Ethel Dutt, vice-president; Pearl Kichline, secretary; Grace Rinker, treasurer. Boys' Glee Club—Craig Roberts, president; Kermit Fritzinger, vice-president; Charles Huber, secretary; David Weiss, treasurer.

This year the Glee Clubs presented the opera, "Captain Crossbones," an Arthur A. Penn production. The principals were: Don Cubeb de Cigarro (Kermit Fritzinger); Dona Isabella (Arlene Earich or Sara Derhamer), Theresa (Ethel Dutt), Eleanor (Arlene Earich or Sara Derhamer), Captain Bombastio (John Gosztonyi), Miss Pelling (Ruth Moyer), Bill Pilgrim (John Bessemer), Zim (Donald Fehr), Anthony Law (Robert Foote), Kitty (Rebecca Helms), Captain Crossbones alias Richard Stoneybroke (Floyd Heller). The opera was a success with the good work of the principals and dances of the choruses.

The Glee Clubs have to give all the credit to Miss McKee for her aid and patience in making the vocal performances and opera a success.

Liberty High School Band

The Liberty High School Band has been effectively organized for three years. The band is composed of forty-seven members who practice diligently to please their audiences. By its splendid playing and school spirit, the band has earned a reputation to be envied.

The success of the band is greatly due to its conductor, Mr. Recapito. Mr. Recapito has studied music both in Italy and in the United States and has played with the foremost musical organizations of these two countries. We sincerely hope that he will remain at Liberty High to continue his successful work.

The band gave two concerts this year, the funds from which were used to purchase new instruments and to enrich its library of delightful selections. This year the band entered a contest for high school bands in eastern Pennsylvania and emerged victorious by a wide margin. We hope the band will continue to perform as it has done in the past. Whatever happens we shall always think of our band as an excellent, entertaining, musical organization.

The personnel of the band is as follows: *Cornets*—Allen Apple, Charles Buss, Austin Lease, Edward Miller, Paul Ramson, Walter Smith, Paul Stoneback, Jacob Snyder, Carl Wallander, Truman Ziegenfuss. *Clarinets*—William Adams, Kenneth Barthold, Samuel Black, Meritt Deysher, Justin Fogg, Henry Greiner, James Maria, Ronald Payrow, Richard Sigley, Eugene Sutton, Howard Wiegner. *Horns*—Vernon Kildare, George Musselman, Harry Rockwell. *Saxophones*—Elmer Bender, Max Connors, George Frantz, Nathaniel Glazier, Merlin Meyers, Harry Romig. *Flutes*—James Cressman, James Mickelroy. *Baritone*—Walter Mitman. *Basses*—Gerald Bartholmew, Earl Bodder, David Winkler. *Percussion*—Paul Bauder, Fred Demkovitz, Oliver Finnigan, Ted Pellegatta, Floyd Warncke, David Weiss, Henry Wilt.

Liberty High School Orchestra

Liberty High School has been proud of its orchestra, and justly so, for under the capable leadership of Mr. George Hubbard, it has proven its worth at various public functions of the school and elsewhere.

At the opening of the school term it was organized and the following officers were elected: Kermit Fritzinger, president; Douglas Hosfield, vice-president; Edward Miller, secretary-treasurer.

The orchestra has rehearsals three times a week. Each rehearsal is about one hour and a half in length and is considered as class work. Each member receives five credits toward graduation for having played in the orchestra.

The activities of this organization present quite a program. It played for the annual Christmas cantata and gave its concert. Along with that it played at the Hotel Bethlehem for the Community Chest drive. The orchestra also gave its services to the Dramatics Club, the Senior play, the operetta, the Junior play and took a large part in the commencement exercises.

The orchestra gives an excellent opportunity to any one having musical talent and it may develop talent.

During the past year the orchestra has worked very hard to earn money for the purchase of new instruments. These instruments are to be of the unusual kinds such as the oboe, bassoon, and double bass. They are to be used in teaching students and in orchestra work.

MISS BARNES

MR. STARK

MR. HELLER

To Our Physical Directors

Of course, as we all know, our book would not be complete without recognizing the "sporty" end of our faculty. "All work and no play makes Jack a dull boy," so these men and women endeavor to prevent our school from having dull students.

Mr. Prendergast, a new member of our faculty, has proved himself to be very efficient in handling the various sports. From all appearances we see that he's a favorite of both the boys and girls. We take off our hats to you, Mr. Prendergast, for all your efforts in making our teams a success.

Another excellent coach and one whom the school would feel lost without is "Bill" Emery. For many years he has given his best to the teams and they have been inspired by his efforts. His wonderful track teams are proofs of his ability. We'll always stand with you, Mr. Emery.

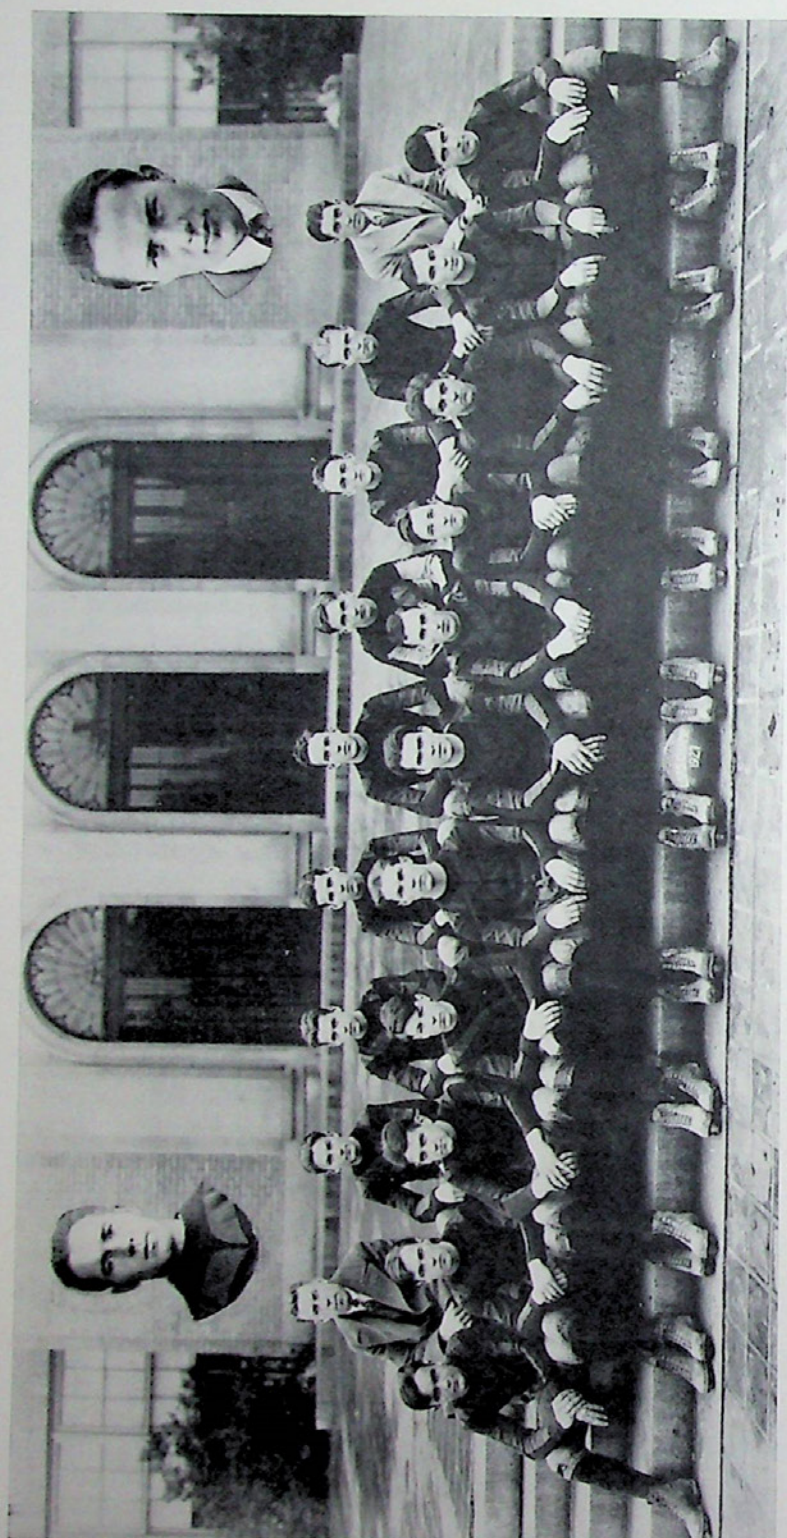

Mr. Stark is another supporter of our teams. His swimming and wrestling teams are ones to be proud of. Keep up your good work, "Starkie," for we're all rooting for you.

We hear one of our popular coaches is departing from our midst this year. This particular person is Miss Barnes. She has kept the girls of Liberty in the limelight by introducing various sports. Ever since she came, she has won many loyal followers. We wish you lots of luck as a student again.

Mr. Heller and Mr. Claxton are two other members who must not be forgotten. Mr. Heller has helped to keep the boys' muscles from getting stiff. Mr. Claxton has acted as an assistant to Mr. Prendergast and we feel sure he was an inspiration to the teams.

Another member of this faculty must not be forgotten, Mr. McGann. His tennis teams are a credit to the school. Do not fail us, but make this year's even greater.

The class of '28 thank you for making their high school careers a wonderful memory.

The record of our 1927 football squad built a very solid foundation for the reputation of our new coach, "Leo" Prendergast. Our team had a very successful season, winning five games, tying two games, and losing one game. By virtue of these victories our team won the Lehigh Valley Interscholastic Championship for 1927. This is the first championship team ever turned out at Liberty High School.

Our first game was played at home. We met a newcomer to our schedule in James Coughlin High School of Wilkes-Barre. The game was a very good test for the squad as is evidenced by the final score, 0-0.

The following Saturday our team journeyed to Lancaster, to take the measure of the high school team of that place by the score of 7-0.

Our next game was played at home against a team upon whom we sought and got revenge for a 7-6 defeat of last season. This team was Phoenixville High School, whom we defeated by the score of 44-0.

The second game away from home proved disastrous. Our first and only defeat was administered by a team representing Steelton High School in a game played on their field. The game was hotly contested and our team fought valiantly in the face of defeat. Every player on our team fought to the final. This score was 7-0 in favor of Steelton High School.

Our returning to the winning stride was opened with a victory over Pottsville High School to the tune of 13-6. Coach Prendergast started the second team in hopes of saving the best material for our Easton High School game. This team finished the first quarter, but the regulars had to be called to the rescue because of unexpected competition.

The Easton-Bethlehem High game was a "corker." Our team outplayed Easton High in every department of the game, but it lacked the final punch when in the vicinity of the goal line. The score which was not at all representative of our team's fine playing stood at 0-0 when the final whistle blew.

The following week our schedule called for a game with the G. A. R. High School of Wilkes-Barre, to be played at Wilkes-Barre. Unfortunately this game had to be cancelled because of an accident in which the bus figured. The bus which conveyed our team to Wilkes-Barre was not on its good behavior and as a result a calamity was narrowly averted when the bus went over a thirty-foot embankment. The trip did take its toll in that "Charley" Shamenek, our star center, was placed on the injured list. The nature of his injury is such that he will not be able to participate in any sport before the spring of 1928.

After a week's rest our team "tackled" the team from Norristown High School and downed it by a score of 20-6. "Jim" Reynolds, alias "Red Grange," earned a name for himself by his great all-round playing. The entire team deserves very much credit for the overwhelming defeat of this old rival.

After a rest of twelve days our "gang" clamped the lid on one of the most successful of football seasons by defeating our "friendly enemy," Allentown High School. This game was very exciting from a standpoint of Bethlehem rooters as well as Allentown rooters. Our boys did all the scoring in the first half, but things turned the opposite direction in the second half. When the final whistle blew and called a halt to a fiercely fought battle the score stood at 19-13 in favor of Bethlehem High School.

Liberty High School has the honor of being represented on the mythical Lehigh Valley all-scholastic eleven by Charles Shamenek, Ervin Yosko, James Quigg, William Pulley, and James Reynolds. This is the largest representation of any school in the conference.

Boys' Basketball Review

<i>Coach</i>	LEO F. PRENDERGAST
<i>Manager</i>	MICHAEL A. GLAGOLA
<i>Assistant Coach</i>	PHILIP S. CLAXTON
<i>Faculty Adviser</i>	A. S. GRUVER

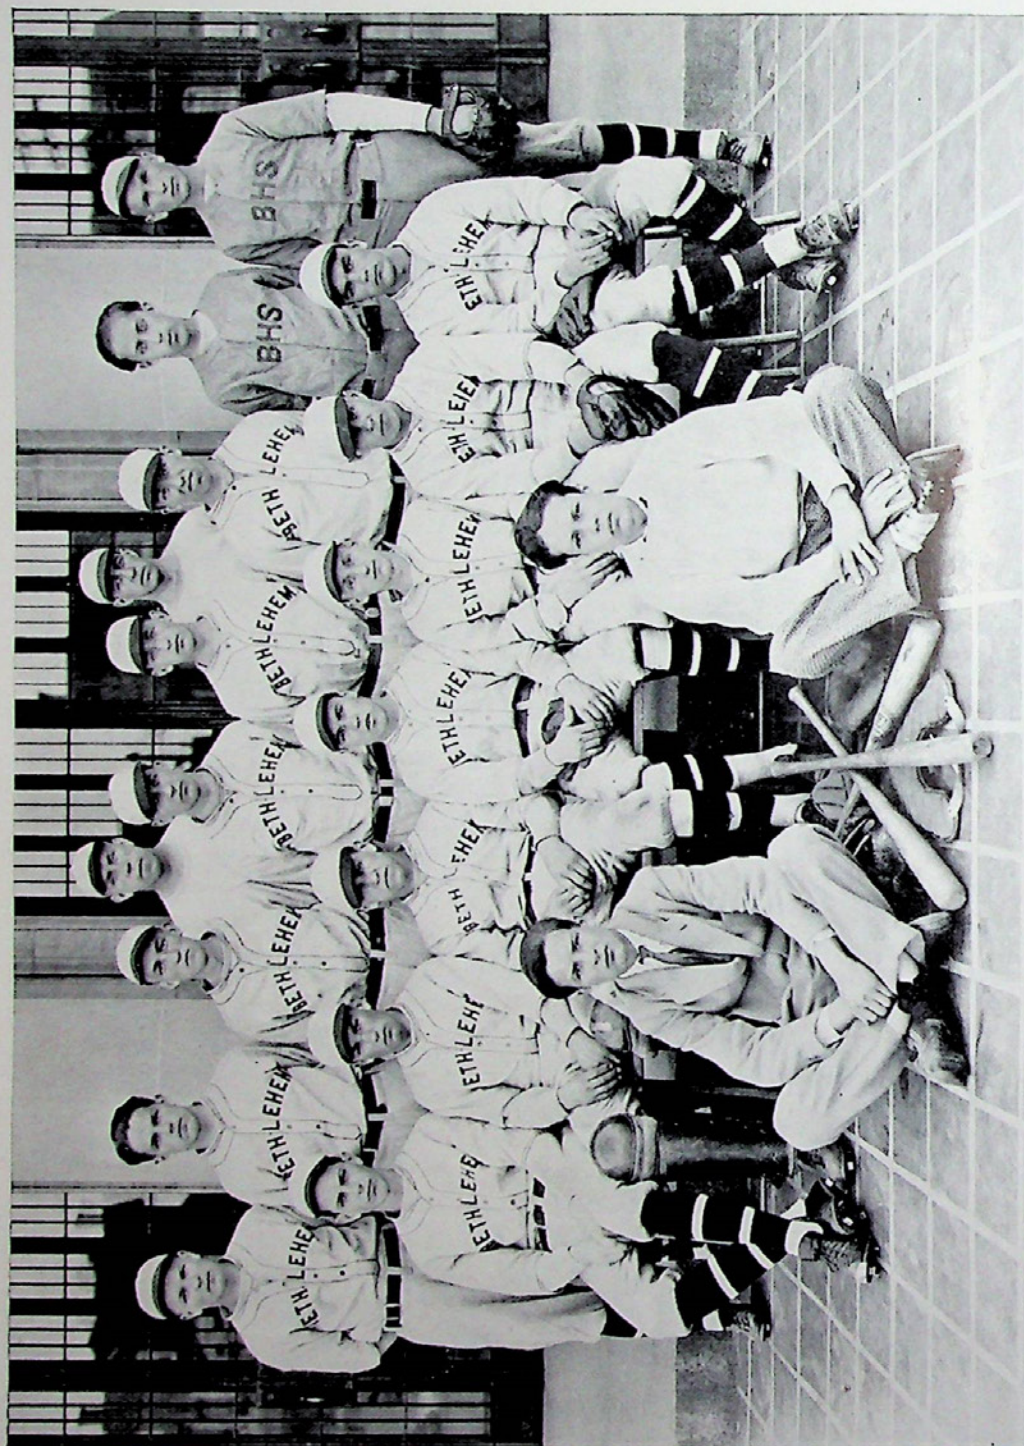

The past basketball season, compared to those of former years, was not as successful as we had hoped. Although the majority of the games were closely contested and hard played, we failed to make the number of victories equal to the number of defeats.

Our boys got off to a poor start, but finally hit their stride and gained one of the most notable victories of the season by defeating Hazleton High by the score of 36-34. It took three hotly contested extra periods to decide who was the best team, but our boys finally won out. Two hotly contested frays were lost to our old traditional rivals, Allentown High School. Mantz and Moser shared the scoring honors for the visitors, while Dugan and Sterner played exceptionally good games at guard.

Norristown High School defeated our team two games by a margin of a point each game. Easton High was defeated on their own floor, but came back fighting and retaliated on our floor by a close margin of three points.

Dudley Wright, our versatile forward, led the team in scoring honors. He comprised a total of 112 points in fifteen games played. Van Billiard came next with 82 points in fourteen games played. Reynolds and Bock did their share in holding down the visiting forwards to a few goals each game. "Jimmy" Quigg also played a stellar game at center.

The team won five games and lost fourteen, comprising a total of 486 points to our opponents' 632 points.

1928 BASEBALL SQUAD

Baseball Review

<i>Coach</i>	L. F. PRENDERGAST
<i>Faculty Manager</i>	A. S. GRUVER
<i>Manager</i>	R. S. CLARKE
<i>Captain</i>	LORRAINE DIEHL

Unfavorable weather conditions prevented the baseball team from carrying out their regular schedule and out of the first five games listed only one was played, with Bangor. This game resulted in a 15-11 victory for Bethlehem.

Coach Prendergast made his first call for candidates in the beginning of April and after practicing in the gym for several weeks went out on the field. Reese, Diehl, and Dubbling, three men of last year's team, formed the nucleus around which our present club is built, and we are satisfied that we have a first-class ball team representing our high school.

The boys have been practicing faithfully for a month and are determined to stop with nothing less than the state championship.

The main factors in the victory over Bangor were the hard and timely hitting and the faultless fielding of the in and out field. With Reese, Fritchman, Chanitz, Diehl, Kichline, and Miller as infielders; Cottage, Lipsky, and Earich as outfielders; Bachman, Castellucci, Hader, Dubbling, Stiener, Muhr, and Conka as batteries; what chance does any other team have? Each one can be depended upon to do his share in bringing in victories.

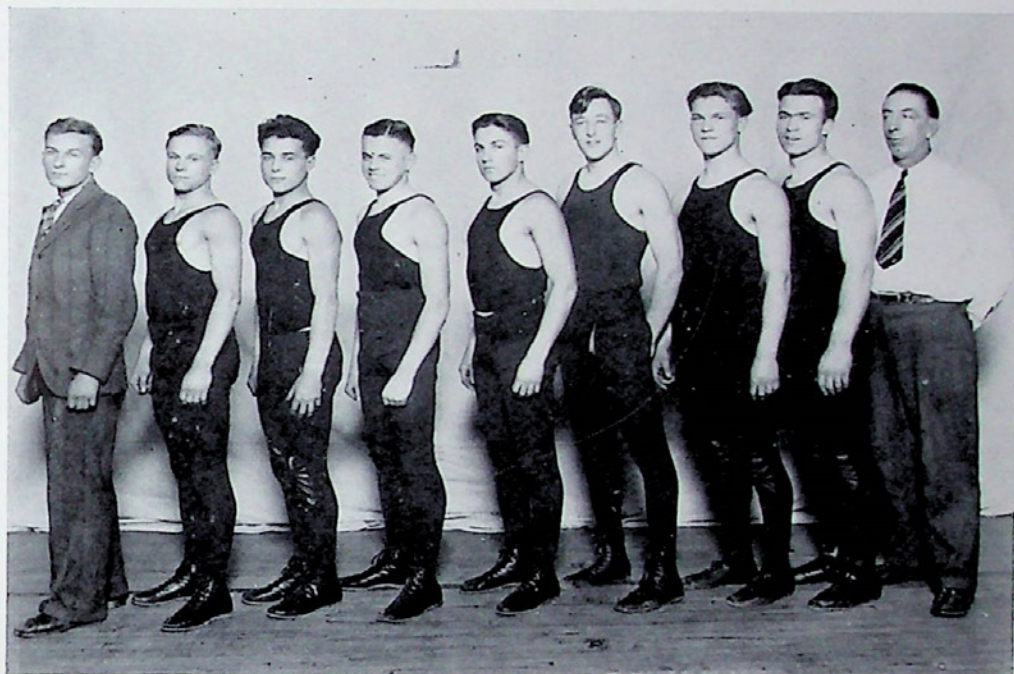

Soccer Review

The soccer team came through with another successful season. With only Captain Glazier, John Hall, John Williams, and "Gandie" Bock remaining from last year, chances for a successful season looked very slim. However, with real co-operation and diligent and faithful training, the boys quickly rounded into shape under the guidance of their brilliant mentor, William G. Stark.

The success of the team was astounding. For lack of school opposition, they, like Alexander looking for new fields to conquer, had to go out of their class and take on college and prep teams. All of their opposition had many more years of experience, weight and age, but outclassing these teams in all angles of soccer, they came through victorious. Some of their victims were East Stroudsburg Teachers' College, Lehigh Frosh, and Allentown Prep. It looked like an undefeated season, but the boys, becoming overconfident, paid the usual penalty at Perkiomen Prep.

The team was composed of the following: Nat Glazier (Captain), John Hall, Max Commers, "Jim" Lewis, Russel Grube, John Williams, "Tiny" Thomas, Gondie Bock, Ray Frietschman, Harold Rosenberg, Abe Goldberg, Lester Gold, Harlan Moser, Francis Beahm, and Andrew Chromczak. The scores were as follows:

		Liberty	Opp.
Oct.	7—Hellertown High	4	0
	8—Allentown Prep	3	0
	15—East Stroudsburg College	4	2
	22—East Stroudsburg College	3	3
	28—Lehigh Frosh	2	0
Nov.	2—Allentown Prep	2	0
	5—Perkiomen Prep	1	2
	15—Hellertown High	3	0

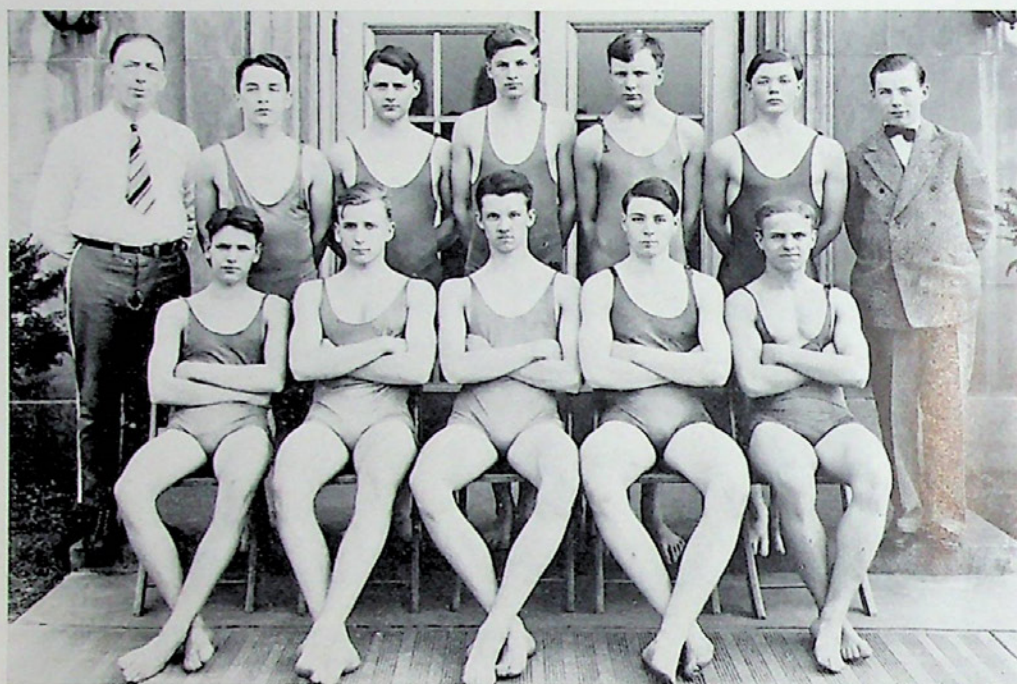

Wrestling Season

During the season of 1928 the wrestling squad attracted more people to this sport than ever before. The team went through the season with but two defeats, having lost to the University of Pennsylvania Freshmen and the Lehigh Freshmen. But these could hardly be called defeats, for in competing with college freshman teams, our team was playing out of its class.

The teams that met defeat at the hands of our squad were: Newton, N. J., High, 18-13; Wyoming Seminary, 30-3; Perkiomen Prep, 20-10; and Manheim High, 18-15.

This year the wrestling team certainly kept up the reputation it established in former years. It is interesting to note that since the wrestling department was organized in 1923, out of a total of 26 meets, it has won 22 and lost but 4.

The members of this year's squad were as follows: Captain, Harold Rosenberg; Manager, Alex Kalman; Coach, William G. Stark; Francis Bennett, Theodore Bachman, Daniel Sylvester, Edward Stauffer, Franklin Finkle, John Barber, Mitchell Schaeffer, William Pulley, Rudolph Ashman, John Williams, Ervin Yosko, and Charles Conka.

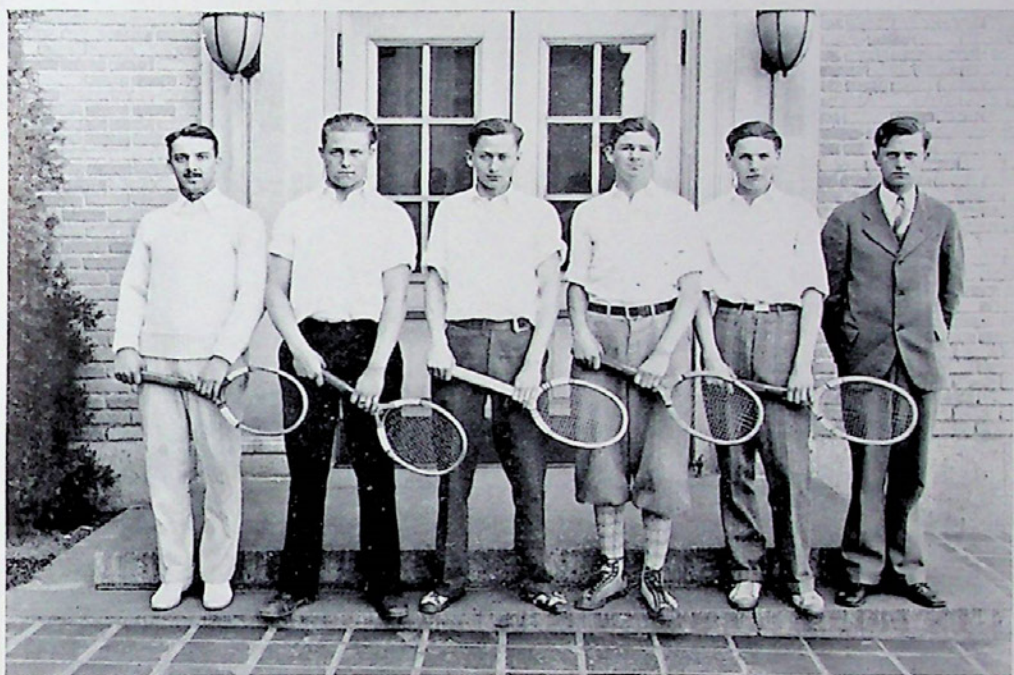

Swimming Season

WILLIAM G. STARK
CRAIG ROBERTS
ROBERT FARABAUGH

The swimming team competed in four meets this year, losing to Norristown twice, and splitting even with Allentown, our old rivals. These setbacks from Norristown and Allentown can probably be accounted for by lack of material, and also by failure on the part of the students to try out for the swimming team. Coach Stark has very few veterans, if any, to choose from to complete his team. His most promising men were Captain Roberts, Standing and Anwyell, in the sprints. In the backstroke, Shields was always a consistent winner. The longer distances were taken care of very nicely by Chamberlain. In the spring-board event R. Fluck and R. Ellstrom could always be accounted on for a few points. On the whole, the swimming season was fairly successful, considering the lack of material and the veteran teams of the other schools against whom they competed.

Tennis Season

The tennis season began with a call for candidates by Mr. McGann. The call was received with great enthusiasm and about fifty aspirants reported. With only a handful of men as a nucleus from last year, none of whom were letter men, the prospects did not look very promising. However, as the time proceeded, there was promise of a successful season. Several tournaments were held, which cut the eligible members of the squad to about four. Several opponents, who were yearly rivals, were Allentown Prep, Palmerton High, Allentown High, and Catasauqua High. We are not able to give a complete resume of this year's tennis achievements as the CAULDRON went to press before the completion of the schedule. The following comprise our tennis team: Henry Rader, Forrest Collier, Eldridge Moses, and William Young.

1928 TRACK SQUAD

Track Review

Manager

W. H. EMERY
A. S. GRUVER
FRED HUNTER
AUSTIN McCARTY

The Bethlehem High track team started off what seems to be a very successful season, taking the first meet of the season from Norristown and Easton at Norristown, by a score of 40 5-6 for Bethlehem, 31 for Easton, 27 1-6 for Norristown. The outstanding performers of the meet were Foote and Hunter, of Bethlehem, who both took two firsts; Hunter, the sprints, and Foote, the hurdles and discus. Coach "Bill" Emery put a well-balanced team on the field, considering the shortage of time in order to get the boys into condition, owing to the bad weather. The team looked very favorable, and the outcome of the contest was never in doubt. Some of the other boys who look to be sure point winners this season are Schlotter, M. Fluck, and Bradley in the 100 and 220 yard sprints. In the 440, Foote, Kulp, Grube, M. Fluck, and H. Miller look like the best bets. In the 880 yard, L. Chandler and H. Miller seem to have the stuff. The milers, composed of McKay, Hall, and Broughal, look favorable. In the hurdles, "Bob" Foote can always be counted on for a few points, although Yosko and Bruch are rapidly improving in this event. In the shot put, Yosko, Foote, and Bell may always be looked for in the winning column. P. Korin, R. Shields, and Wilson have taken care of the javelin very well so far. The broad jumpers, Sellers, Hunter, and Bradley, look good, that is, if they don't foul too much. In the high jump, Craig Roberts, Sellers, and Bell look like consistent point winners. The pole vault is handled by R. Fluck, Ashman, and Fuller very nicely. The leading discus throwers are Foote, Bell, and Sellers. Most of these men are Seniors and Juniors, but Mr. Emery has a lot of faith in his Sophomore and Freshman material.

In the second event of the season the relay team composed of only two veterans, traveled to the University of Pennsylvania Relay Carnival to capture third place. This was very good considering the condition of the track and calibre of the other teams represented. In the third meet of the season, the triangular meet held on our field, the team made a very favorable impression, taking first place with 59½ points. Easton was second and Allentown third with 37½ points. The spotlights of the meet were the performances of Foote and Schlotter, of Bethlehem; Schlotter taking Hunter into camp in the 100 yard dash and Foote clipping 3-5 of a second off the meet record held by John Hudak in the 220 yard low hurdles, Foote's time being 26 1-5 seconds.

Girls' Hockey Season

Bethlehem High School can boast of the first girls' hockey team in this city. We are mighty proud of it, too. The girls were very eager to learn the game and spent many after school hours on "The Theory of Hockey." They practiced whole-heartedly and gave the best they had.

In dark "gym" bloomers, white coats, and red tams, the girls made a striking appearance.

The squad was composed of Captain Snyder, Manager Munsch, Gemberling, Chester, Rinker, Schultz, Bowers, Tabachnik, Razler, Finkle, Evans, Hochella, Prosser, Hagerman, Hersh, Krewson, and Spear.

Now that hockey has become one of the athletic activities of Bethlehem High School, it is upon the shoulders of the squad of '29 to make it a successful and popular sport among the girls of the high school. Those on the squad of '28 trust to you, the honor of upholding the name of Bethlehem High School, by making this sport an example of true Bethlehem High School spirit and sportsmanship.

Girls' Basketball Season

Allow us to introduce the lassies of Liberty High School who comprise the girls' basketball squad. A group of girls, so energetic, so faithful, so loyal, and so determined is not easy to find. Faithfully the girls attended practice, faithfully did they keep in training, and faithfully did they do their best for their school and our school.

The team was captained by Louise Snyder, who played jump center. Louise not only inspired the girls and told them what to do, but also set a very fine example for them to follow.

Beatrice Munsch also served in more ways than one, acting as manager and side center. Very fine results were shown in both cases, for we know that although the schedule was short, it contained exciting and interesting games.

To speak of "Ted" Chester and not think of Rhea Wheatley immediately, is impossible. With unique and deft passing, accurate shooting, and the characteristic readiness of the entire team, "Ted" and Rhea scored the team's points.

Cecelia Tabachnik and Alice Hagerman, with their team's interest at heart, were also superb in interference and prevented many points from being scored by the opposing team.

The team was reinforced by very able substitutes. On this list we have Sue Prosser, Dorothy Herst, Emma Gemberling, Helen Razler, Alma Bowers, and Margaret Coyle. These girls not only helped by their good work on the floor, but also by their hearty support and reinforcement from the sidelines.

Our team with its skill, hospitality, and fair play gained a multitude of friends in both Bethlehem and visitors of opposing teams. Well coached by Miss Barnes, well captained by Louise Snyder, and well managed by Beatrice Munsch, the team went through its schedule. Of course, not all the games were won, but the team showed its true mettle in the way in which it accepted defeat.

Girls' Tennis Season

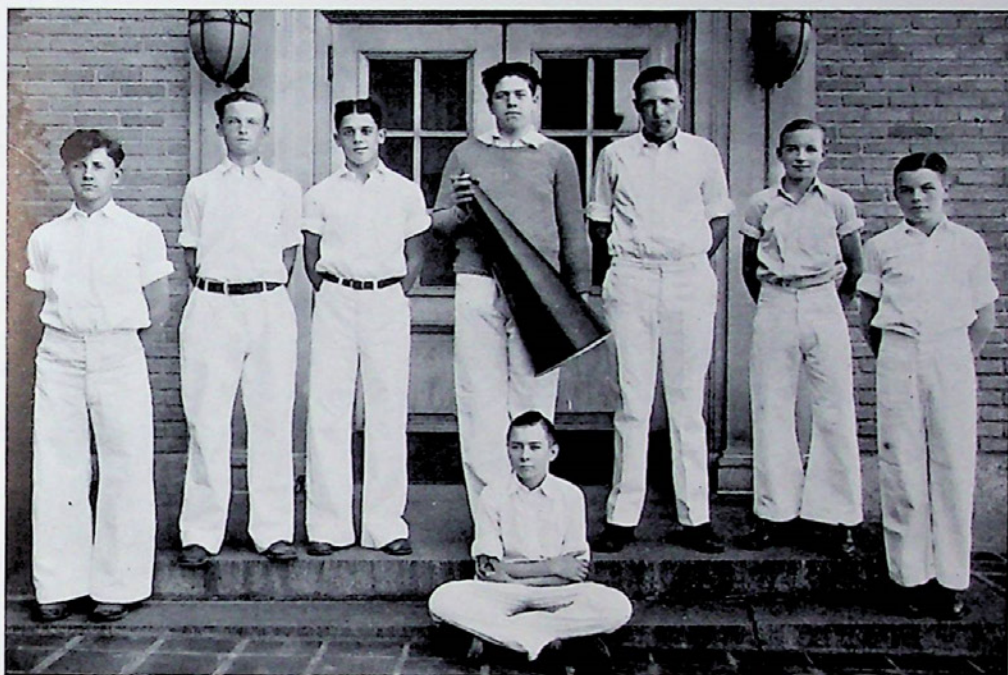

Tennis needs no introduction, especially in girls' sports, for we all know that it has created much enthusiasm and school spirit for several years.

The girls began their season with a capable coach, Miss Barnes. As a balance they had an equally good captain, Rhea Wheatley. Rhea was a veteran of last year's team and, indeed, she added much to the strength and pep of this year's team.

When a call was issued for candidates for the girls' tennis team, a response came so readily that Miss Barnes found it necessary to hold an elimination contest. The girls worked hard and it became a case of "the survival of the fittest." How they did strive to survive! Some of the competitors were Frances Klotz, Miriam Kelley, Reba Senecal, Helen Tuu, Louise Snyder, Bertha White, Elizabeth Hochella, Blanche Kichline, Nettie Brown, Louise Krewson, Verna Chester, and Dolly Fluck.

Every year the tennis team has a strenuous schedule. Among their keen competitors is Allentown. Of course, our girls again played their best and showed their rivals how powerful they really were.

The class of 1928 praises you for your good work and challenges you to beat your rivals with the well-known spirit of our dear Alma Mater.

Our Cheerleaders

Our cheerleaders have again indirectly played a prominent part in the success of our athletics during the past year.

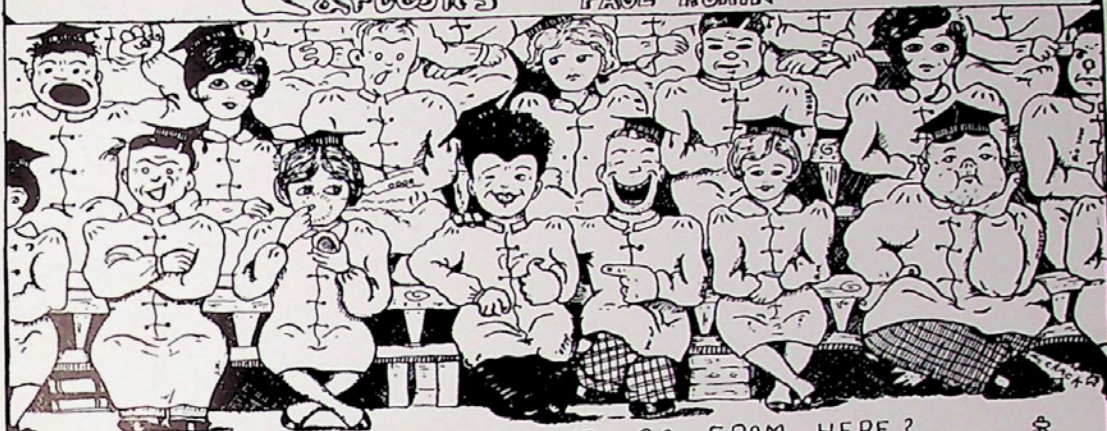

The following comprise the members of our cheerleading team: "Sam" Goodman, head cheerleader; Benton Witemeyer, Abraham Smerling, Edward Waldron, Allen Tice, Chester Mosebach, Bertram Gross, and William Goerlach.

The cheerleaders have inspired the student body with their spirit and enthusiasm, so that our athletic teams will have the "old fight," which is characteristic of all Liberty High teams.
