

Chatter around Gadfly's water-cooler about: a pedestrian bridge

The Bethlehem Gadfly Budget, Pedestrian bridge, Serious Issues, Walkability and Bikeability
December 2, 2019

 10th in a series of posts on the 2020 Budget 

Makes you think about priorities here in the budget season!

So \$100,000 for a bridge that is not needed and connects nothing to nothing?

- Drugs – not enough police
- Sidewalks – residential problem
- Walkability – you have to drive to the bridge because you cannot walk there
- No money for home improvements
- No money for trees

But we might have a bridge!

Gadfly thought you ethicists might need a change of pace!
