Candidate Reynolds:

- we have a car culture in the City
- streets designed for cars
- will take a look at that systemically
- Rt 378 being redone, so speeding will be looked at then

Candidate Wilhelm:

- lived in Cambridge for many years, a city that promotes walkability, bikeability, and public transportation
- pleasure to be able to walk to work
- for the pedestrian bridge
- must create proper infrastructure for walkers, sustainability, people without cars
- must educate drivers too, safety issue
