Gadfly needs to get out more. 78 years on this earth and never been to a campaign kickoff.

Follow him to Fegley's Bethlehem Brew Works.

And down the steps.

It's only right that political shenanigans happen in cellars.

To the Steelgaarden.

Melt into the boisterous crowd.

You have to pass through John Morganelli and Steve Samuelson at the gate. Scylla and Charybdis.

And then cross the spiked Shoals of Pettishuns

To hear Willie's siren call.

Emotionally spent, follow the trail of breadcrumbs back to Gadfly's quiet nest. Politically virginal no more.
