

# Great idea for Monday, March 30: Light up the Night for Healthcare Workers (and others)

The Bethlehem Gadfly coronavirus March 29, 2020

 *Latest in a series of posts on the coronavirus* 

*From Kim Carrell-Smith:*

Gadfly:

Also this last-minute idea, inspired by something my sister-in-law, a nurse in Phoenix Arizona, is doing with her friends. Hope some folks may want to participate.

It's going to be Luminarias, quarantine-style!

So folks could use luminaria bags and candles if they have them, or just put out candles in glasses, or maybe Christmas candles, or Christmas lights?!

Anything to send a message to healthcare workers that they are valued. And as one of my friends said, could we include grocery workers in this too?! I'll be thinking of those dedicated folks, also, when my candles are burning!

Thanks!

Kim

*Mrs. Gadfly suggests turning porch lights on works in a pinch too.*
