

Shout out to President Waldron!

The Bethlehem Gadfly Gadfly's posts January 15, 2019

Gadfly not going to City Council tonight but wants to give a shout-out to President Waldron for instituting videoing the meetings so that he can catch up tomorrow by going to the [Council meetings page on the City site](#).

He would have conveyed his thanks during public comment tonight. (If any other follower is making a comment tonight, you might pass along Gadfly's shout-out and appreciation.)

Gadfly's making this a LEPOCO day, just returning from their "Tuesdays with Toomey" gathering, and heading to their MLK event tonight. Gadfly's making a concerted effort to get around to events by Bethlehem organizations and Bethlehem wings of national organizations.

For instance, there's a Women's March event at Payrow Plaza, Saturday, 10-1. Gadfly welcomes notice of events you think he should know about and might want to attend.
