

Schantz, Henry

**Pfc. Henry Schantz
Returning To U. S.**

Three hundred and fifty enlisted men with 53 or more points left the former Luftwaffen Air Depot at Erding, Germany, Jan. 25, and, according to word received here today, Pfc. Henry Schantz was one of the fortunate soldiers who left in a "super de luxe box car" which had been furnished with stoves, bunks, windows, fuel and drinking facilities.

Pfc. Schantz, who lives at 232 Union St., is returning to his home and family, where he expects to eat many of the steaks and drink many of the glasses of milk he has been unable to beg, borrow or buy in war-torn Europe.
