Gadfly's not endorsing anybody for the May 18 primary election, but his pages are open to virtually everything candidates are doing to push their messages out.

Gadfly encourages all candidates to feed him relevant information and to keep him apprised of online candidate meetings so that he might try to attend.

Gadfly here calls attention to the inaugural issue of Council candidate Kiera Wilhelm's newsletter. You might want to sign on to keep apprised of Kiera's doings.

Working towards an even brighter future for all Bethlehem residents.
