

Graduate At Carlisle

Keeping abreast of the fast expanding U. S. Army which is now fighting on all fronts throughout the world, the Medical Field Service School, Carlisle Barracks, today graduated 344 more officers and men of the Medical Department who are now qualified for field duty with the troops. Among those receiving their diplomas are First Lt. John J. Ferry, Sanitary Corps, 621 Dellwood Street, Bethlehem, Pa., who received his B. S. degree at Lehigh University, and First Lt. Donald J. Greene, Sanitary Corps, 1432 West Union Boulevard, Bethlehem, Pa., who received his B. S. degree from Penn State College.

Brig. Gen. Addison D. Davis, commandant, presented diplomas to the officers after warning them of the importance and seriousness of the work that lay ahead of them in the dual role they will have to play as physicians and army officers. Following the exercises they departed immediately for their respective units.
