“This has been the most challenging of years, and as I think about who can be the best Mayor for Bethlehem, I believe that person is J. William Reynolds.

I feel that he has the ability to guide Bethlehem to a future where all citizens are able to see our city as a place of hope, and of opportunity.

I am a strong proponent of fiscal prudence and balanced development, as well the fundamental responsibility of a city to provide excellent municipal services, including community policing.

I believe Mr. Reynolds is fully committed to the future of Bethlehem along that path and look forward to his leadership.”

Dr. Paige Van Wirt, Bethlehem City Council
