

Reber, Robert

Steel Office Employes Bid Farewell to Co-Worker

In honor of Ensign Robert Reber, an expeditor in the production department of the Bethlehem Steel Company, who will leave in the near future for active Navy service, the Central Tool office, Bethlehem Steel Company, entertained at a buffet dance in the Elks Club last evening.

Erb Gurney, superintendent of the Production Department, who was the toastmaster and the chairman of arrangements, presented Mr. Reber with gold cuff links, a parting gift from the office force. A red, white and blue boat, made by the girls of the Central Tool office, decorated the table, a patriotic color scheme being used throughout. The gift was found in the boat.

E. R. Long, superintendent of the Central Tool Department, and James Young, assistant superintendent, also spoke. **JUL 8 1943**
Mrs. Betty Thomas and Ann Minnick were in charge of arrangements.
