The next Bethlehem City Council meeting is Tuesday December 1st at 7pm. Please call in during the public comment section of this meeting to speak directly to council about your public safety concerns surrounding the current push by radical activists to defund the Bethlehem Police Department.

Among the responses are these two:

Jose L. Garcia

Done, it is disturbing that our local government has even thought about it.

Deborah Snyder

Done. This is absolutely disgraceful that they would even consider this.

LVGNA responds to Debra:

We agree. Equally disgraceful is the way they repeatedly use the police whenever they want or need them. We've learned that this council uses police to delivery their meeting minutes / packets directly to their homes. They want to defund the police but they want them to be their personal servants as well. Shameless hypocrites.

You can hear them on the video of the November 17 Council meeting at such and such.

But we don't agree with their cases and here's why:
