*[The following sent to City Council.]*

I write on behalf of Steve and myself to strongly support Councilwoman Negron for president of city council. Her tenure as Vice President for two years plus her lengthy experience in public service on community boards and her strong support by voters in recent elections makes her the most qualified for the leadership role. Additionally, she has been recognized with many and prestigious awards for her abilities as a leader. On the council she has been a thoughtful and independent voice for the people of Bethlehem and a champion of good government. I hope you will support her for President.
